### DEAR FRIENDS OF PHILATELY

Imagine for the first time since 1999 a World Stamp Exhibition under FIP patronage will be held once again in GERMANY from 6<sup>th</sup> - 9<sup>th</sup> May 2021 in Essen, simultaneously with the 31<sup>st</sup> International Stamp Fair Essen.

As a philatelic partner, sponsor and official auctioneer, I look forward to welcoming you personally with my team during the 2021 World Stamp Exhibition at our stand for inspiring conversations, shop talks and consultations.

Be curious about the many philatelic highlights, especially the outstanding **CG IBRA RARITY AUCTION**, which will take place on the occasion of this prestigious event on **7<sup>th</sup> May 2021**.

Sincerely yours,

Christoph Gärtner

# PRIVATE TREATY BAHRAIN

## Development of Postal Services in Bahrain 1884 to 1948

In 1883, when the Superintendent of Post Offices for the Persian Gulf and Turkish Arabia, visited Bahrain, the principal merchants on the island, accompanied by the Native Residency Agent, waited upon him and asked that their petition for a post office be placed before the Postmaster General of Bombay. A bond was signed by representative Arab and Indian merchants undertaking to make good to the Indian Postal Department any deficiency that might be found between the income of the post office and the cost of maintenance during an experimental period of six months.

A post office was opened and placed in account and Bahrain Head Post Office on the 1<sup>st</sup> August following establishment.

A Sub-Post Master:	40 Rupees
Local Allowances:	10 Rupees
Contingencies:	2 Rupees
Postman:	10 Rupees (added July 1884)
House Rent:	15 Rupees (added July 1884)

The post office was opened on the island of Bahrain, which at that time was the largest and commercial island though not the capital – it was also the port where the steamers called. The from Bombay would call at Bahrain weekly while those from Basrah would call fortnightly.

It had a resident population of 70,000 which included a small wealthy and influential community from Sind, who had settled there for the purpose of trade. At the time the pearl fisheries yielded STG 150,000 a year – dates, fruit and barley were other important exports while imports were almost entirely from India. It was to remain the only post office in Bahrain until 1<sup>st</sup> June 1919 when a new office was opened on the island of Muharraq.

This exhibit traces the development of the postal service in Bahrain through the economic country from a pearl and date driven economy to an oil driven economy. The various postal rates post office are illustrated through a variety of covers, which present various destinations, along with the history of all the various cancellation marks and other hand-stamps used at during the Indian Period.

## CHAPTER ONE: ESTABLISHING THE POST OFFICE

### From Experimental Post Office to Sub Post Office

From 1875 until the establishment of the post office in 1884, the native agent of the British Indian Steam Navigation Company received from the Postal Department an allowance of 15Rs a month for discharging some of the functions of a post office. He dealt with unregistered letters only, making up mails for Basrah and Bombay, and receiving mails in return from those offices. No mail has been recorded from the 1875-1884 era.

These duties, simple as they were, were not satisfactorily discharged, and the absence of a properly constituted post office was a hindrance to trade, especially during the pearl fishing season from March to October when trade flourished around Bahrain. As a consequence of this the Arab and Indian merchants regularly petitioned for an Indian Post Office to be opened at Bahrain, a request that finally gained support in 1883 during a visit by the super-intendant of post offices in the Persian Gulf and Turkish Arabia.

### The Earliest Recorded Mail from Bahrain Post Office.

24 September 1884: The cover shown here was sent from the Bahrain Post Office. It is the QV 1/4 blue pre-printed envelope and has been sent to Bombay where it arrived on 10 October indicating 16 days in transit. It is the earliest record of mail from Bahrain Post Office.

Earliest Recorded Use: 24 September 1884  
Latest Recorded Use: 10 August 1885

Small Single Circle Date Stamp  
with Circular Bombay B  
Donaldson Type 1

The first canceller to be introduced at the post office was a date-stamp, which was applied in conjunction with a circular "B". It was not a duplex so it is uncertain whether the "B" was applied at Bahrain or Basrah, to which Bahrain was a sub-post office.

The Post Office opened on 1 August 1884 and proved an instant success from a departmental point of view and an immense boon to the merchants and others. From its opening it operated with no restrictions, including exercising the function of insuring articles, something that had brought the Post Office into conflict with the British India Steam Navigation Company's (BISN) agency in Bahrain by 6 September 1884. The conflict centered on the insuring of pearls with the BISN threatening to close their agency unless the Post Office stopped this practice. Orders were issued to the Postmaster to discontinue accepting pearls for dispatch and Bahrain became a non-insurance post office.

## Fortnightly Steamer Calls at Bahrain

The mail steamers would call fortnightly at Bahrain but only on their passage up the Persian Gulf. On the down passage mail bags for Bahrain would be dropped off at Linga and picked up by the next steamer travelling up the Persian Gulf.

8 October 1884: The cover shown here was sent from Bahrain, where it was cancelled with Type 1, to Bombay and has been franked with 1/4a. The letter has received a Bombay arrival stamp dated 24 October indicating 16 days in transit being the same transit time as the letter sent on 24 September.

canonization, 8 October 1884, is exactly 2 weeks after 24 September 1884 meaning that the letter would have lay on the next steamer to call on Bahrain.

### The Earliest Registered Letter sent from Bahrain

885: Shown here is a QV 1/4 blue pre-printed envelope that has been up-rated by 2as in order to pay for the fee. The cover has been cancelled with Type 1 at Bahrain and has had a boxed "R-BAHRAIN" applied to the received a Bombay arrival stamp dated 31 August indicating 21 days in transit.

represent the earliest record of registered mail sent from the Bahrain Post Office and confirms the availability in the early stages of the post office operating.

its cancelled with Type 1 have been shown here and with only four Type 1 covers recorded mail from Bahrain period is rare.

The below two covers were both sent registered to Muscat – one cover shows the stamps used to seal the back of the cover while the other cover shows the unconventional use of stamps on the front of the cover.

### Registered Triple Inland Letter Rate sent to Muscat

16 May 1897: A registered cover sent from Bahrain to Muscat where it received an arrival stamp dated 2 days in transit. It has been franked with 3/4as covering the registered rate for a weight up to 11½ had the boxed registration cachet impressed on the front of the cover with "186" applied in blue manuscript.

## Zeppelin Mail from Bahrain

Zeppelin mail is known sent from Bahrain on two occasions – 26 July 1933 and 30 May 1934. On both occasions the covers are franked with 5/4as but the 1933 cover received an additional 10d in postage while transiting London.

26 July 1933. The cover was sent from Bahrain via London (1 August) from where it was forwarded to Berlin (5 August) arriving at Pernambuco, Brazil on August 9 indicating 14 days in transit.

### A Zeppelin cover that was not

3 October 1934. The cover was sent from Bahrain and intended for the Zeppelin flight, however, insufficient franking kept it from being carried on the Zeppelin to Brazil – The Zeppelin label was annulled in London. From London the cover was forwarded to Berlin (10 October) arriving at Pernambuco, Brazil on 26 October indicating 23 days in transit.

## German Catapult Post

In Germany, up to 37 airlines competed for airmail, until in 1926 when the German government consolidated all airmail under a single national airline, Deutsche Luft Hansa.

On December 5, 1929, Germany launched an airmail route to compete with Aeropostale, flying mail from Germany, through Seville, Spain, to the port of Tenerife in the Canary Islands. German ships would pick up the seaplanes by crane, refuel them, and then launch them again by catapult. On the other side of the Atlantic, other German fuel ships would sit at anchor. When the German airmail seaplanes landed near the ships, they would refuel and be launched again by catapult to fly into South America, where German immigrants had started continental airmail service.

German airmail carrier shortened its name to Lufthansa. Also, the independent German airline companies South America joined Lufthansa, which expanded along the Pacific and Atlantic coasts of South America, a F-11 and Junkers G-24 floatplanes and using powerful Ju-52s to cross the Andes.

Air-mail cover shown here was sent from Bahrain to Recife in Brazil on 10 July 1935. It has been franked with 21/4as. The cover has had "By Airmail via Baghdad – London" and "to Recife (via Friedrichshafen – London) on the front.

## WICHTIGE INFORMATION

Zum 1. Januar 2014 wurde die Umsatzsteuer für Sammlungsobjekte wie Briefmarken und Münzen von 7% auf 19% erhöht.

Deshalb bieten wir in unseren Auktionen inzwischen den überwiegenden Teil der Lose differenzbesteuert an. Bei diesen Losen wird weder für den Zuschlag noch für das Aufgeld Umsatzsteuer gesondert berechnet, da wir als Auktionshaus die anfallende Umsatzsteuer bei Lieferungen in Deutschland und innerhalb der EU tragen.

Seit der 29. Auktion können wir nun auch viele Lose differenzbesteuert anbieten, für die zuvor 19 % Umsatzsteuer erhoben werden musste. Hierbei handelt es sich um Lose, die in die EU eingeführt worden sind. Die mit dem Import verbundenen Kosten in Höhe von 7 % des Zuschlags müssen wir an Sie weiterberechnen (= Importspesen, die Bestandteil des Kauf-

preises sind). Diese Importspesen werden auch dann berechnet, wenn das gekaufte Los exportiert wird. Alle Lose dieser Art sind im Katalog mit einem Plus hinter der Losnummer (Beispiel: 4839 +) gekennzeichnet.

Nur Lose mit einem Punkt hinter der Losnummer (Beispiel: 3412 ●) unterliegen der Regelbesteuerung von derzeit 19 %, so dass wir hier Umsatzsteuer für Zuschlag und Aufgeld berechnen müssen (entfällt bei Export).

**Bei allen Losen ohne Kennzeichnung (● oder +) werden nur Zuschlag und Aufgeld berechnet – keine Umsatzsteuer oder Importspesen!**

Welche Auswirkungen dies für Sie als Bieter hat, wird an den folgenden Beispielen für ein Los, das mit 1.000,- € zugeschlagen wird, deutlich:

<b>BIS 31.12.2013</b>		<b>ZURZEIT</b>

## IMPORTANT INFORMATION – FOR EC CUSTOMERS MAINLY

Since January 1<sup>st</sup>, 2014 the German VAT for collectibles like stamps and coins was increased from 7% to 19%.

Therefore, we now offer the majority of our lots under margin system. No tax at all will be charged on top neither on the hammer price nor on the buyer's premium for these lots and the Christoph Gärtner Auction Company pays and transfers the VAT.

Starting with the 29<sup>th</sup> auction we now can offer many lots under margin system for which we previously had to charge 19 % VAT. These are lots which have been imported into the EC. The costs of the import amount 7 % of the hammer price

which we have to charge you (= import expenses, part of the buying price). The import expenses will also be invoiced, if the lots are exported. All lots of this kind are marked by a plus after the lot number (ie 4839 +).

Lots marked in the catalogue by a point after the lot number (ie 3412 ●) will be charged under normal VAT rate of 19 %, if the lot is not exported (not charged when exported).

**For all lots without any mark (● or +) only hammer price and buyer's premium will be charged - no VAT or import expenses will be added!**

☺ By implementation of the margin system purchasing of relevant lots will be 3,6% cheaper now for EC buyers.

☺ **Lots purchased in order to be carried out to Non-EC-Countries are exempted from taxation as before.**

# Allgemeine Versteigerungsbedingungen

## Durch die Abgabe von Geboten werden die nachfolgenden Geschäftsbedingungen des Versteigerers anerkannt.

Diese Geschäftsbedingungen gelten, sofern und soweit zwingendes Recht am Ort der Versteigerung keine anderslautenden Regelungen vorschreibt.

1. Die Versteigerung erfolgt öffentlich und freiwillig in eigenem Namen und für eigene Rechnung gegen sofortige Bezahlung in Euro. Devisen und Schecks werden zum Tageskurs der Bundesbank angenommen. Handel und Tausch sind im Auktionsaal nicht gestattet.

2. Die Steigerungssätze sind dem jeweils aktuellen Auktionsprogramm zu entnehmen und betragen 5 bis 10% des Ausrufwertes bzw. des angesteigerten Wertes. Der Zuschlag ergeht nach dreimaligem Ausruf an den Meistbietenden. Der Versteigerer hat das Recht, ohne Angabe von Gründen Personen von der Auktion auszuschließen, den Zuschlag zu verweigern, Gebote abzulehnen, Lose zurückzuziehen, zu vereinigen, aufzuteilen, umzugruppieren, bei Unklarheiten oder Missverständnissen nochmals aufzurufen oder in begründeten Fällen unter dem Vorbehalt der Genehmigung des Einlieferers zuzuschlagen. Untergebote mit Vorbehalts-Zuschlägen bleiben für den Bieter vier Wochen verbindlich, sind aber für den Versteigerer freibleibend. Bei gleich hohen Geboten entscheidet die zeitliche Reihenfolge des Gebotseinganges, bei zeitgleichem Eingang das Los. Lose, die „gegen Gebot“ ausgerufen werden, bedingen ein Mindestgebot von 20,- Euro und werden zum Höchstgebot zugeschlagen.

3. An den Versteigerer übermittelte (schriftliche) Gebote werden streng interessewahrend nur in dem Umfange ausgeschöpft, der notwendig ist, um anderweitig vorliegende Gebote zu überbieten, werden jedoch ohne Gewähr ausgeführt.

4. Telefonische Bieter müssen mindestens den Ausruf bieten und eine schriftliche Bestätigung nachreichen. Im Falle einer Nichterreichbarkeit gilt das Mindestgebot als geboten. Bei Telefongeboten übernimmt der Versteigerer keine Gewähr für das Zustandekommen einer Verbindung.

5. Der Versteigerer erhält vom Käufer ein Aufgeld von 23,8% des Zuschlagspreises sowie 2,- Euro pro Los. Für Lose, die mit • gekennzeichnet sind, wird für den Zuschlagspreis und das Aufgeld die gesetzliche Umsatzsteuer erhoben. Lose ohne Kennzeichnung unterliegen der Differenzbesteuerung nach §25a UStG; es erfolgt kein gesonderter Umsatzsteuerausweis. Bei Losen mit + (Plus) hinter der Losnummer handelt es sich ebenfalls um differenzbesteuerte Lose, jedoch werden zusätzlich die mit dem Import verbundenen Kosten in Höhe von 7% des Zuschlags (= Importspesen, die Bestandteil des Kaufpreises sind) an den Käufer weiterberechnet. Bei Zusendung der Ware werden Porto und Versicherungspauschale zuzüglich gesetzlicher Umsatzsteuer gesondert in Rechnung gestellt. Käufe, die in ein umsatzsteuerliches Drittland ausgeführt werden, sind von der Umsatzsteuer befreit. Steuern/Abgaben für die Einfuhr der Käufe im Zielland gehen zu Lasten des Käufers.

6. Mit dem Zuschlag kommt ein Kaufvertrag zwischen dem Versteigerer und dem Bieter zustande. Er verpflichtet den Käufer zur Abnahme und Bezahlung am Versteigerungsort. Wer für Dritte bietet, haftet selbstschuldnerisch neben diesen. Gleichzeitig geht mit der Zuschlagserteilung die Gefahr für nicht vom Versteigerer zu vertretende Verluste oder Beschädigungen auf den Käufer über. Das Eigentum an der versteigerten Sache wird erst nach vollständigem Zahlungseingang beim Versteigerer auf den Käufer übertragen. Schriftliche Bieter erhalten in aller Regel eine Vorausrechnung, die sofort fällig ist. Erst nach vollständiger Bezahlung der Rechnung besteht ein Anspruch auf Aushändigung der gekauften Lose.

7. Sind Lose vereinbarungsgemäß vom Versteigerer zu versenden, hat der Käufer dem Versteigerer zu Nachforschungszwecken spätestens zehn Wochen nach dem Ende der Auktion (bei Vorkasse: nach der Bezahlung der Ware) schriftlich mitzuteilen, falls die zu versendende Ware nicht oder nicht vollständig zugegangen ist.

8. Alle Beträge, welche 14 Tage nach der Versteigerung bzw. Zustellung der Auktionsrechnung nicht beim Versteigerer eingegangen sind, unterliegen einem Verzugszuschlag von 2%. Dazu werden Zinsen in Höhe von 1% pro Monat erhoben, es sei denn, der Käufer weist nach, dass ein geringerer oder kein Schaden entstanden ist. Im Übrigen kann der Versteigerer wahlweise Erfüllung oder nach Fristsetzung Schadenersatz wegen Nichterfüllung verlangen; der Schadenersatz kann dabei auch so berechnet werden, dass die Lose verkauft oder in einer neuen Auktion nochmals angeboten werden. Der säumige Käufer muss hierbei für den Mindererlös gegenüber der früheren Versteigerung und den damit verbundenen zusätzlichen Kosten einschließlich der Gebühren des Versteigerers aufkommen. Auf einen eventuellen Mehrerlös hat er jedoch keinen Anspruch.

9. Die zur Versteigerung kommenden Lose können vor der Auktion besichtigt und geprüft werden. Sie werden in dem Zustand versteigert, in dem sie sich bei der Auktion befinden. Die nach bestem Wissen und Gewissen vorgenommenen Katalogbeschreibungen sind keine zugesicherten Eigenschaften. Der Käufer kann den Versteigerer nicht wegen Sachmängeln in Anspruch nehmen, sofern dieser seiner obliegenden Sorgfaltspflicht nachgekommen ist. Sammlungen, Posten etc. sind von jeglicher Reklamation ausgeschlossen, ansonsten verpflichtet sich der Versteigerer jedoch, wegen begründeter Mängelrügen, die ihm bis spätestens vier Wochen nach Auktionsschluss angezeigt werden müssen, innerhalb der Verjährungsfrist von einem Jahr seine Gewährleistungsansprüche gegenüber dem Einlieferer geltend zu machen.

Im Rahmen von Reklamationen ist bei der Rücksendung an den Versteigerer die Original-Loskarte beizufügen. Die Lose müssen sich in unverändertem Zustand befinden. Dies betrifft auch das Entfernen von Falzen, das Wässern, sowie chemische Behandlungen. Lediglich das Anbringen von Prüfzeichen der Mitglieder eines anerkannten Prüferverbandes gilt nicht als Veränderung. Der Versteigerer kann verlangen, dass bei Reklamationen ein entsprechender schriftlicher Befund eines zuständigen Verbandprüfers eingeholt wird. Will der Käufer eine Prüfung vornehmen lassen, so ist dies dem Versteigerer vor der Auktion mitzuteilen. Die Reklamationsfrist verlängert sich entsprechend. Dies betrifft jedoch nicht die Verpflichtung zur sofortigen Bezahlung der Lose. Die Kosten einer Prüfung werden dem Käufer in Rechnung gestellt, wenn das Prüfergebnis mit der Losbeschreibung übereinstimmt oder der Käufer das Los trotz abweichendem Prüfungsergebnis erwirbt. Mängel, die bereits aus der Abbildung ersichtlich sind, berechtigen nicht zur Reklamation. Lose, bei denen Fehler beschrieben sind, können nicht wegen eventueller weiterer geringer Fehler zurückgewiesen werden. Im Falle erfolgreicher Inanspruchnahme des Einlieferers erstattet der Versteigerer den gezahlten Kaufpreis einschließlich Aufgeld zurück; ein darüber hinausgehender Anspruch ist ausgeschlossen. Der Versteigerer ist berechtigt, den Käufer mit allen Reklamationen an den Einlieferer zu verweisen. Durch die Abgabe eines Gebotes auf bereits von anerkannten Prüfern signierte oder attestierte Lose werden die vorliegenden Prüfzeichen oder Atteste als maßgeblich anerkannt. Werden Lose unter dem Vorbehalt der Gutachten anderer Prüfer beboten, so ist dies dem Versteigerer mit dem Gebot anzuzeigen.

Bezeichnungen wie „Pracht“, „Kabinett“, „Luxus“ etc. stellen die subjektive Einstellung des Versteigerers und in keinem Falle eine Beschaffenheitsangabe im kaufrechtlichen Sinne dar. Lose, die mit „feinst“ oder „fein“ beschrieben sind, können Fehler aufweisen. Stücke, deren Wert durch den Stempel bestimmt wird, können wegen anderer Qualitätsmängel nicht beanstandet werden.

10. Ansichtssendungen sind nur von Einzellosen möglich. Postfrische Marken sind von der Versendung ausgeschlossen. Die Lose sind innerhalb von 24 Stunden zurückzusenden, wobei die von uns gewählte Versendungsart anzuwenden ist. Gefahr und Kosten gehen zu vollen Lasten des Anforderers. Sollten die Lose am Auktionstag nicht vorliegen, so werden sie eine Steigerungsstufe über dem nächsthöheren Gebot, mindestens jedoch zum Ausruf, dem Anforderer zugeschlagen.

11. Erfüllungsort ist Bietigheim-Bissingen. Das gilt auch, wenn wir die Ware ausnahmsweise an einem anderen Ort übergeben oder von einem anderen Ort aus versenden. Gerichtsstand für den vollkaufmännischen Verkehr ist Ludwigsburg. Es gilt ausschließlich deutsches Recht. Kommen Kaufverträge durch Versteigerung in einem Land außerhalb der Bundesrepublik Deutschland zustande, findet bei Verbrauchern deutsches Recht nur Anwendung, soweit hierdurch der durch zwingende Bestimmungen des Rechts des Staats des gewöhnlichen Aufenthalts des Verbrauchers gewährte Schutz nicht entzogen wird (Günstigkeitsprinzip).

12. Sollten eine oder mehrere der vorstehenden Bedingungen ganz oder teilweise unwirksam sein oder werden, berührt dies nicht die Gültigkeit der übrigen Bedingungen. Es soll dann das gelten, was dem ursprünglich wirtschaftlich verfolgten Zweck entspricht oder ihm am nächsten kommt.

13. Vorstehende Bestimmungen gelten sinngemäß auch für den Nachverkauf und den freihändigen Verkauf.

## General Auction Conditions

**By the submission of bids the following General Auctions Conditions of the Auctioneer are recognized and accepted.**

*These Auction Conditions shall apply, unless binding law at the location of the auction stipulates divergent provisions.*

1. The auction is voluntary and held in public in the name of the auctioneer on his own behalf for his own account against immediate payment in Euro. Foreign currency and cheques are accepted at the daily exchange rate of the German Federal Reserve. Trading and exchange are not allowed in the auction rooms.

2. Bidding increments are published in the actual Auction Manual and are from 5 to 10% of the starting price or the actual submitted bid price respectively. The lot is sold to the highest bidder after threefold call. The Auctioneer reserves the right to bar persons from the auction at his sole discretion, to refuse knocking a lot down or to withdraw, pool, recombine or divide lots, to call lots once more in case of equivocality or misunderstandings or to knock a lot down subject to consignor's approval. Bids below the starting price with a knockdown subject to consignor's approval are binding for the bidder for a period of four weeks but are non-binding for the auctioneer. In case of even bids the chronological order of their receipt is applicable; in case of simultaneous receipt of even bids the auctioneer decides by drawing lots.

3. Bids transmitted to the auctioneer (in written form) will be treated with confidence and will only be used to top the other previous bid. However the auctioneer cannot take responsibility for this procedure. Lots without a particular starting price require a minimum bid of 20,- Euro and will be knocked down to the highest bid.

4. Telephone bidders must offer at least the starting price and submit a written confirmation thereafter. In the event of unavailability of the bidder on the phone the minimum bidding price is valid. The auctioneer is not responsible for the setting up and/or persistence of the telephone connection.

5. The auctioneer receives a premium of 23.8% of the hammer price from the buyer plus 2.00 Euro per purchased lot. For all lots which are marked with • behind the lot number Value Added Tax (VAT) will be added to the hammer price and to the buyers premium. Lots without marking are sold under the margin system (§25a UStG); there will be no turnover tax statement. Lots marked with + are sold under the margin system as well but additional expenses for importing the items in the amount of 7% of the hammer price are charged (= Import Expenses, which are part of the total sales price). If shipment is requested by the buyer or becomes necessary, costs for postage, packing and insurance plus VAT will be charged separately. For purchases from abroad, which will be exported to a third country (non-EU), VAT will not be invoiced after receiving an evidence of exportation. Duty and/or other charges related to importing the purchases into the country of destination are on buyer's account.

6. The purchase contract between the auctioneer and the buyer is closed on the knockdown of the lot. Based on this contract the buyer is obliged to accept and pay for the goods at the point of sale. In case of bidding for a third party, the bidder is liable as a principal as well as the third party. At the moment of knockdown all risks concerning loss or damage of a purchased lot is the responsibility of the buyer. The ownership of the auctioned goods will only be transferred to the buyer when full payment has been effected. Bidders making written bids will in general receive a prepayment invoice, which is due for immediate payment. Only if the invoice has fully been paid, the buyer has the right to claim ownership of the purchased lots.

7. If it is agreed, that the auctioneer will ship the purchased lots, and they are not or not completely received within ten weeks after the end of the auction (in case of prepayment: after the payment of the goods) latest, the buyer has to inform the auctioneer in writing about this incident for purposes of investigation.

8. Outstanding debits, which have not been paid 14 days latest after the auction and/or receipt of the invoice, will be subject to a default charge of 2%. Furthermore 1% interest per month will be charged unless the buyer can provide evidence that only a lower or no damage has been caused. Furthermore it is in the auctioneer's sole discretion whether he insists on performance or on compensation due to non-fulfilment after a set period. Compensation will be calculated after the lots have been sold directly or on another auction to a third party. In this case the defaulter has to compensate the loss of the auctioneer resulting from a lower sales price and additional costs. The defaulter is not entitled to additional proceeds earned by the auctioneer when selling the lots to a third party.

9. The objects for auction may be viewed and inspected prior to the auction. They will be auctioned in the condition as they are at the time of auction. The catalogue descriptions were made in all conscience and do not warrant any characteristics. The buyer cannot hold the auctioneer liable for any faults provided that the auctioneer has not infringed his duty to take care. Collections, batches etc. are excluded from any complaint, apart from that the auctioneer is obliged to hold the consignor liable for any complaint, which is made by the buyer within a period of 4 weeks after the auction, within a limitation period of one year. Complaints concerning a lot must be sent to the auctioneer together with the original auction lot card. The lot must be presented in its unchanged condition. This applies to the removal of hinges, submersion in water as well as chemical treatment. Only the application of sign information by a member of an acknowledged auditor association will not be regarded as tampering. In the event of complaints the auctioneer can demand a written expertise of an acknowledged auditor. If the buyer intends to get an expertise, he will inform the auctioneer about it prior to the auction. The period for complaint will be prolonged respectively. However, this does not inflict the right of the auctioneer to be timely paid. Any appraisal fees will be charged to the buyer, if the result matches the lot description or if he acquires the lot in spite of dissent opinion. Any faults, which are obvious at the time of photography, are excluded from the right of complaint. If faults of a lot are described in the auction catalogue, this lot will not be rejected and returned by the buyer because of further smaller faults. In the event of a successful claiming of the consignor the auctioneer refunds the paid purchase price and buyer's premium; the buyer is not entitled to further claims. The auctioneer has the right to refer the buyer with all of his complaints to the consignor.

By bidding on lots, which were already signed or certified by acknowledged auditors, the buyer accepts these approval marks or certificates as decisive. If bids are placed with reservation of an appraisal of another auditor, the bidder will inform the auctioneer about this reservation when placing his bid. Descriptions such as „Pracht“, „Kabinett“, „Luxus“ etc. are a subjective opinion of the auctioneer and under no circumstance a statement in regard to warranted characteristics. Lots which bear the description „feinst“ or „fein“ may possibly have small faults. Objects having a value which is defined by their postmark are excluded from complaint of any other defects.

10. Only single lots can be shipped for viewing. They must be returned to the auctioneer within 24 hours, in doing so our mode of dispatch must be utilized. Any risks and costs are for the account of the requesting party. If these lots are not present in the auction house on the day of the auction, they will be knocked down in favour of the requesting party one increment above the highest bidding price but at least for the starting price.

11. Place of fulfilment is Bietigheim-Bissingen. This will also apply, if by way of exception we hand the goods over at another location or if we send the goods from another location. Place of jurisdiction for the full trading is Ludwigsburg. Only German law shall apply. If purchase contracts are closed by auction in a country outside Germany, for consumers German law shall only apply, as far as hereby the granted protection of the law of the state, in which the consumer has his main residence, is not withdrawn (favourability principle).

12. Should one or more of the conditions above or a part of them become invalid, the validity of the other conditions will remain unchanged. The invalid conditions shall be replaced by valid conditions, which conform to their economic purpose.

13. The conditions above shall also apply to after sale and private treaty.

### **persönlich im Saal**

Unsere internationalen Auktionen finden in unserem eigenen Auktionssaal statt. Um vor Ort bieten zu können, benötigen Sie eine Saalbieternummer – diese erhalten Sie an unserer Rezeption.

### **SENDEN SIE IHRE GEBOTE FRÜHZEITIG AB!**

Ihre Gebote werden streng vertraulich und interessewährend bearbeitet. Dazu ist es notwendig, dass diese spätestens am Tage vor dem jeweiligen Versteigerungstag vorliegen!

**Auskünfte über bereits vorliegende Gebote, insbesondere deren Höhe, werden generell nicht erteilt.**

Falls Sie nicht persönlich an der Auktion teilnehmen können, gibt es mehrere Möglichkeiten uns Ihre Gebote mitzuteilen:

*(Es gibt zusätzlich die Möglichkeit über einen professionellen Auktionsagenten zu bieten, auf der folgende Seite finden Sie die Kontaktdaten der Agenten unseres Vertrauens.)*

### **online**

Auf unserer Homepage **[www.auktionen-gaertner.de](http://www.auktionen-gaertner.de)** können Sie in nur wenigen Schritten ganz einfach und sicher Ihre Gebote abgeben. Die online abgegebenen Gebote werden mit derselben Sorgfalt behandelt wie schriftlich abgegebene Gebote.

Oder schicken Sie uns Ihre Gebote per E-Mail an:  
**[info@auktionen-gaertner.de](mailto:info@auktionen-gaertner.de)**

### **schriftlich**

Schriftliche Gebote geben Sie bitte auf dem beiliegenden Auktionsauftrag ab, und schicken uns diesen per Post oder Fax zu.

*Als schriftlicher Bieter werden Sie vom Auktionator so vertreten, als wären Sie im Saal anwesend, d.h. vertraulich und interessewährend.*

### **live per Telefon**

Wenn Sie eine Teilnahme von zu Hause bevorzugen, bieten wir Ihnen unseren telefonischen Bieter-Service an. Telefonbieter sollten sich frühzeitig mit uns in Verbindung setzen.

**Bitte beachten Sie, dass telefonische Gebote immer nur mit schriftlicher Bestätigung angenommen werden. Das Mindestgebot für Telefonbieter beträgt 300,- €. Untergebote werden von Telefonbietern grundsätzlich nicht akzeptiert.**

*Füllen Sie bitte das Feld Telefonbieter auf der Rückseite des Auktionsauftrages aus oder schreiben Sie uns alternativ eine E-Mail. Am Tag der Auktion rufen wir Sie rechtzeitig bevor das Los ausgerufen wird an. Bitte stellen Sie sicher, dass Sie an diesem Tag telefonisch erreichbar sind.*

### **personally in the auction hall**

Our international auctions are held in our own auction hall. To be able to bid at the auction, you will need a hall bidder number which you will receive at our reception desk.

### **PLEASE SUBMIT YOUR BIDS EARLY!**

**Your bids will be processed and handled confidentially. It is necessary for the bids to be submitted at least on the day prior to the day of auction!**

***In general, information concerning offers already submitted, especially their values will not be released.***

If you are unable to attend the auction in person, you have several other possibilities to submit your bids to us:

*(In addition you can bid through a professional auction agent. On the following page you will find the contact details of our trusted agents.)*

### **online**

Bids can be placed directly and secure in just several steps on **[www.auktionen-gaertner.de](http://www.auktionen-gaertner.de)**.  
*Your online bids will be treated in the same way and with the same accuracy as traditional written bids.*

Alternatively, you can send us your bids by e-mail:  
**[info@auktionen-gaertner.de](mailto:info@auktionen-gaertner.de)**

### **in written form**

Written bids can be placed by mail or fax using the enclosed auction bid form.

*As a written bidder, you will be represented by the auctioneer as if you are in the auction hall yourself, which means confidential and discreet.*

### **live by telephone**

If you prefer to take part from your home, we offer you a telephone bidding service. Telephone bidders should contact us in time.

**Please note, that bids submitted by telephone require a written confirmation. The minimum starting price for telephone bidders is 300,- €. Underbids can not be accepted by telephone.**

*Please fill in in the field for telephone bidding on the back of the bid form or write us an e-mail. We will call you the day of the auction in sufficient time before your lot is due to be called. Please ensure that you can be reached on the auction day.*
