Of particular interest is the fact that the cover does not bear any Bamra stamps - being that it was mail from the Ruler of Bamra the Bamra State authorities let this cover travel thru the Bamra State postal system without any postage. While the Bamra State postal authorities let this cover travel without any postage the Imperial post-office levied postage due of twice the deficient rate of 2 annas (4 annas). Most unusual and extremely commercial mail from the State of Bamra during it's stamp issuing period. (T)</b>		☒	1.500,-
