***Please advise how you would prefer to work with us – and it is up to you if you prefer to leave your items with us as consignments or if you would rather sell your items to us straight away.***
***Why not give us a call and talk to one of our experts about what would be the best choice in your case? For expensive and voluminous material, we are happy to visit you. If you decide to post your consignment to us, it will automatically be insured at € 25,000 per parcel.***

We buy philatelic and numismatic items at the best market prices worldwide. Brokers will be paid a commission and we ensure we will handle everything absolutely confidentially.***

# *Consigning: Easy and effective!*

## *HOW AND WHAT SHOULD I CONSIGN?*

Because of the costs involved, we cannot make individual lots with auction value below € 150 and regretfully cannot accept consignments with auction value below € 1,000.

***House Calls***
*Our experts will make house calls for particularly large or valuable consignments, free of charge.*

***Personal Delivery***
*You can make an appointment to bring items of any value to our corporate headquarters where we will discuss value and your options face-to-face. Evaluations and estimates made at our headquarters building are non-binding and free of charge.*

***By mail***
*Send us your consignment of at least 1.000 € starting price.* [1,2,3]

***Acknowledgement of Receipt***
*You will receive an acknowledgement of receipt of delivery as soon as your consignment arrives.*

***Lot Description & Starting Price***
*You will receive a list of lot descriptions and starting prices as soon as we complete the initial work.*[4]

***[1] By Mail in Germany***
Parcels up to an estimated value of 25,000 EURO may be mailed to our office after prior notice. Use our FedEx Service for higher values. You can also use our special German Post DHL eParcel service. Parcels will be collected free of charge (up to 31.5 kg/70 lbs). Just give us a call and let us know which day for pickup will suit you best. Please do not forget to send us an e-mail or fax SEPARATELY (we don't want to educate thieves) with a list of all lots in each parcel. You can also propose an initial price for negotiation if you desire to do so. We will get in touch with you immediately if your estimate differs too much from our evaluation.

***[2] By Mail from Foreign Countries***
Let us know in advance if you intend to send us your consignment from an European or an overseas country. We will be pleased to help if you have any questions regarding dispatch and customs clearance issues. Porto indført mellem Danmark og Færøerne 01.01.1870.

06.01.1871 : Kjøbenhavns Magistrat til Thorshavns Fattigforstanderskab ***Fri-Sag*** - Fattigvæsensag.
**KJOBENHAVN KB 7.1.** og **THORSHAVN 16.3.**

Kobenhavns Magistrat har troet sig portofri for en fattigvæsens-sag, uden der mangler en embedsmands underskrift !
Postvæsenet har sat brevet i porto, som et "ufuldstændigt frigjort e-brev" : *12* sk. er krævet.
Det har næppe kunnet frigøres ved medtager-attest - p.gr. af den manglende underskrift !?!

Magistraten advisérer om, at der vil fremkomme en regning for indlæggelsen af Anna Jacobine Johnsen, f. 19.12.70, " til Cour og Pleie på Kommune-Hospitalet ".

Kongelig Tjeneste fra General Post Directionen

General Post Directionen rangerede på linie med De Kgl. Collegier - ministerier - var portofri uden attest.
Her udsendes circulaire. NB.: Brevet ikke forseglet, men udstyret med et **"Segl - stempel"**.

Segl-stempler indførtes af sparehensyn af General Post Directionen - luk var dyrt - allerede før Statsbankerotten 05.01.1813.
Metoden legaliseret i et circ. af 18.06.1811. ( Toke Norby )
Segl-stemplet af 1' udgave kendes 16.07.1811 - 02.12.1820 , og altid i rødt.

20.02.1813 : Trykt circulaire - med håndskrevet no. 16 - fra General Post Directionen til Det Kgl. Postcontoir i Grenaae.

***K.T.*** er her legitimeret ved afsenders segl-stempel - i rødt, i aftrykt udgave, med én snoring i posthornet.

Baggå : karte *16* , ingen portoangivelse

"At Generalpostdirektionen har bestemt, at **Sundportuen** mellem Helsingør og Helsingborg for breve sendt til Sverige indtil videre skal erlægges med 6 Rbsk., som tillægges den til Helsingør fastsatte Porto, det tilkendegives herved det Kongelige Postkontor til forneden Efterretning og Iagttagelse." 5 underskrifter.

Kongelig Tjeneste via Provstetasken

Chr. V.'s Danske Lov af 14.04.1683 bestemte at, " Dægnen eller hans Substitut skal bære skal bære en ( gejstlig ) Skrivelse fra en Præst til den næste, som med sin Dægn eller Substitut skal fremsende den til sin Naboe, og saa fremdeles." - en stafet kaldet " Provstetasken ".

05.11.1812 : Århus-Biispen til Amtsprovst Kruse, Randers.

***K/T:*** legitimeret af SIGILLUM EPISCOPI AARHUSIENSIS.

Men, der er intet karte-nummer! Brevet er ikke postalt befordret. Det er glet med "Provstetasken"!

"Frederik den Sjettes allernaadigste Kongelige Rescript af 30' forrige Maaned bekiendtgiores for - - Os elskelig Hr. Petrus Jannis Kruse, Vores Amtsprovst" - - "Du har faaet en Kirke mere at betjene - og tilsvarende mere Ager"!

Franko afsender betaler
"Efter Indleveringstiden" - Hafnia VII

Kunde-utilfredshed med postvæsenets åbningstider fik Kobenagergades Postkontor til at etablere et særligt **indleveringskontor** pr. 1.1.1838. Her kunne post afleveres hverdage til kl. 18, søndage til kl.14 - såfremt de almindelige kontorer havde lukket. Kontoret bestod til 1.1.1841, da åbningstider generelt forlængedes, og indlevering efter lukketid blev mulig - mod gebyr. Se nærmere under portobreve.
Indleveringskontoret anvendte i den 3-årige periode det viste Hafnia VII - med omvendt ø - i få tilfælde.
Det ses ikke at have kostet noget gebyr, forklarede blot for modtager, hvorfor brevet ankom forsinket.

31.07.1840 : **Kiøbenhavn ( nnv. ø ! )** ***Efter Indleveringstiden*** (Hafnia VII ) stemplet på bagsiden. Her desuden karte 12.
Brevet sendt *frit* til Soroe, forudbetalt med ordinære *8 rbs. sølv.* ( 1.s.v. bj. ) Bærepenge *2 rbs.*

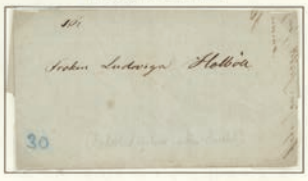

Da Børge Lundh i 1988 beskrev og navngav Kobenhavns præfilatelistiske stempler kendte han kun 14 stk. af nærv. Hafnia VII.
Det skal bemærkes, at stemplet oftest er utydeligt. Her ser man det omvendte ø !

Forbindelsen med "De nordatlantiske besiddelser" Grønland

Grønland var portofrit internt med KGH's skibe til 1958 , og i relation til København for pakker til 1905, for breve til 1938.

12.09.1852 : Holsteinsborg Carl P. Holbøll skriver fødselsdagsbrev til datteren Ludovica i Kobenhavn.
Han nævner i brevet en koppe-epidemi med 70 døde. Han havde opgivet håbet om selv at få brev ; men det kom!
*19* år i flg. T.Hjorne et arkiv-nr. fra Viborg.

01.09. 77 : Igen Holbøll til Ludovica , igen et fødselsdagsbrev. Her er han på vej med Sukkertoppen. Brevet er no. *30*.
No. 24 - ej vist - er et fødselsdagsbrev fra 1854. Holbøll var hjemme efteråret -55, returnerede med Gronland 26.03.1856, men blev aldrig fremme. "Baldur" forliste. Holbøll og en som omkom. Brevet er fra 1855 !

Hver kolonni havde normalt skibsanløb 1 - 2 gange årligt. Hvert skib betjente 1 - 3 kolonier, gjorde 1 rejse årligt.
Carl P. Holbøll var inspektør for Syd-Grønland 1825 - 1828, og for Nord-Grønland 1828 - 1856.

Ved hver lejlighed sendte Holbøll en pakke breve hjem. Skipper afleverede denne på Toldboden, hvor familien afhentede den.

Forbindelsen med "De nordatlantiske besiddelser" Island

Tomt brevomslag, hvor der dog indvendigt med gammelt blæk er skrevet ***Frostaatedum den 28. Aug. 1828.***
Det er vore dages Frostastadur, en gård på Nord-Island, i luftlinie 75 km. vest for Akureyri.

Brevet er adresseret til Herra Professorí F.Magnussen , Kaupmannahofn. Ingen postale påtegninger.

Brevet er ganske vist tidsagret af en Grønland-attest, der siger "Må antages at være postalt befordret" Det holder ikke!

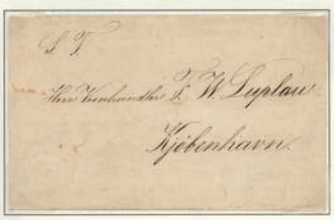

Da der ikke er noget kartenummer på forsiden er brevet **privat befordret på Island** ! Postale er ikke i handelen! ( O.E.)
Brev-nummer mangler også. Sejladsen til Danmark formentlig **"Ved lejlighed"** ! Et brev med brev-nr. solgt 2008.

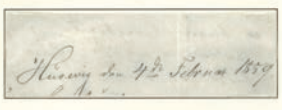

Danske undersåtter var tilladt handel på Island fra 1788. Et held for Island, at der var anden forbindelse end postkibet.

Et "Postvæsen" blev beordret på Island 1776, men kom kun meget langsomt i gang. Postbefordring var kun tænkt i forbindelse med postskibets anløb x 3 årligt. Den hyppighed truk det også ud med. En inden-islandsk post-takst af 2 sk. pr. ysssel var gældende fra 1779. Langt den største postmængde af privat befordret. Island var portofri i forhold til Kobenhavn til 01.03.1870.

Forbindelsen med "De nordatlantiske besiddelser" Island

Handel på Island var omsider helt fri 1854.

Kopi fra indholdet

04.02.1859 : S. Schulesen , Husevik til Vinhandler Luplau , Kjøbenhavn.

Intet karte-nummer på Island , ingen islandsk porto-angivelse , intet brevliste-nr.
Brevet er **privat** befordret på Island og er glet med **privat skib** til Kobenhavn.

Brevet havde kunnet nå 1' postskib fra Reykjavik primo marts. Schulesen fik foregående sommer 2 forsendelser ad denne vej, havde håbet, der også havde været en med November-skibet , " - men så slap jeg da for Portoen fra Reykjavik !" Fortsætter :
"Jeg håber du har fået den ½ Tønde Kjød fra Vopnafjørdur gennem faktor Gronvold". ( Vopnafjørdur nordligt på østkysten )

**Handelsmonopolet endeligt ophævet 1854.** Vopnafjørdur blev besejlet af privat skib.
Husevik ligger meget tættere på Vopnafjørdur end på Reykjavik. Brevet er glet via Vopnafjørdur!.

**Corrispondenza commerciale, un esempio di risparmio sul pagamento della tariffa postale**

Lettera spedita da Smirne a Graz. Mittente Abram Levi, esportatore di fichi, uva sultanina ed altri articoli. Datata 20.10.1865. La lettera non passa per l'Ufficio postale di Smirne. Motivo: forse un litigio da poco avvenuto tra Levi ed un ispettore del Lloyd Austriaco conseguente a delle lagnanze avanzate dallo stesso Levi nei confronti dell'armatore. Non resce ad avere soddisfazione, tanto che nella lettera afferma che l'ispettore prese a "..maltrattarmi ed insultarmi...". La lettera parte quindi da Smirne e a Sira passa sul vapore della linea da Costantinopoli e dopo sei giorni arriva a Trieste. Il latore della stessa la consegna agli uffici della Società D. Mordo dove viene apposto il cachet commerciale della stessa in colore verde ed è affrancata con 45 kreuzer + 10 kreuzer di raccomandazione. Quindi affidata all'Ufficio Postale dove viene apposto il timbro di annullamento Trieste Recommandirt del 28.10.1865 ed inviata a Graz dove arriva il giorno dopo. Il Sig. Levi ha comunque risparmiato 20 Soldi della tratta di Levante Smirne-Trieste. Arrabbiatura o avarizia ??

Ufficio Postale Militare aperto il 20.2.1855 durante la guerra di Crimea. Divenne poi Ufficio Postale Consolare nell'aprile del 1857. Venne chiuso il 31.3.1869. Inizio d'uso dei francobolli di Lombardo Veneto il 1.6.1864. Giurgevo si trova in Valacchia, sulla riva settentrionale del Danubio ed è antistante il porto bulgaro di Rustchuck. Era la porta d'ingresso a Bucarest e principale punto d'incrocio del basso corso del Danubio. Qui infatti transitavano i corrieri diplomatici e postali, sia austriaci che russi, che provenivano da Costantinopoli ed erano diretti rispettivamente verso Vienna e Mosca. Divenne successivamente il primo terminal dell'Orient Express, dove i passeggeri che provenivano da Parigi e Vienna, dovevano trasbordare dal treno per imbarcarsi sui vapori del Lloyd Austriaco che li avrebbero condotti prima a Varna e quindi a Costantinopoli.

Lettera spedita da Giurgevo a Vienna. Affrancata con 25 Soldi (2 esemplari da 5 ed 1 esemplare da 15 Soldi del 1864). Annullata in partenza col timbro Giurgevo ad un cerchio. Data 22 marzo (1866). Arrivata a Vienna in data 1.4.1866. Secondo Tchilinghirian le lettere conosciute con questo annullamento dell'ufficio consolare sono di un certo interesse ed in numero minore rispetto quelle conosciute con l'annullo di Giurgevo della DDSG

**ALESSANDRETTA (Iskenderun)**

Ufficio del Lloyd Austro Ungarico aperto nel 1854 quando i piroscafi della compagnia cominciarono a toccare questo porto, punto strategico di accesso ad Aleppo. La presenza austriaca non fu però così centrale nell'economia della regione e subì una forte concorrenza da parte della Francia e dell'Inghilterra. Ciò portò anche alla chiusura temporanea della sede di Alessandretta (K. Tremner Vol. 8° pag. 104) nel 1862 e non ci sono dati certi del suo funzionamento fino al 1902 quando la sede dell'Agenzia venne riaperta per rimanere attiva fino alla sua definitiva chiusura nel 1914.
Di certo, anche nel periodo successivo al 1862 ed in particolare negli anni '70 l'ufficio doveva contare sulla presenza di qualche funzionario, probabilmente per il disbrigo di formalità di agenzia marittima in occasione di una toccata su base "spot" ad Alessandretta di qualche piroscafo della compagnia. Tale presenza infatti è testimoniata dall'esistenza di rari annullamenti esistenti su francobolli dell'emissione di Austria per il Levante del 1867. Il timbro usato era quello ovale con la dicitura "Agenzia del Lloyd Austro Ungarico" ed in centro la scritta Alessandretta su due righe. E' conosciuto solo in colore azzurro.

SCUTARI

Ufficio Postale Consolare aperto nel 1855 a breve distanza dall'apertura dell'Ufficio di Antivari, che di Scutari era il naturale sbocco al mare. Per tutto il lungo tempo in cui rimase sotto l'amministrazione ottomana, Scutari rappresentò il centro politico ed amministrativo dell'odierna Albania. L'Ufficio Consolare austriaco di Scutari venne abilitato ad operare quale Ufficio Postale solo dal 1860 e nel giugno del 1864 venne fornito di francobolli austriaci, emissione per il Levante. Per anni però la corrispondenza proveniente da Scutari veniva inviata a cura dell'Ufficio Consolare tramite un proprio corriere, al porto di Antivari e solo colà veniva apposto il locale annullamento. Ci si rese conto che sarebbe stato più semplice operare, come faceva già Janina da alcuni anni, secondo le funzioni di Ufficio Postale regolare e Vienna fornì nel 1867 un timbro all'Ufficio di Scutari. Non ci sono però prove evidenti di corrispondenza in partenza da Scutari ed annullata con tale timbro in quanto in quel periodo l'Amministrazione turca minacciò di sopprimere il servizio di corriere tra Scutari ed Antivari. Venne trovato un compromesso per il quale la posta in uscita sarebbe stata affrancata con un francobollo turco per coprire la tratta Scutari-Antivari e ad Antivari sarebbe stata apposta l'affrancatura austriaca con relativo annullamento. Il timbro Scutari sarebbe stato apposto, per ricevuta, dal consolato al momento della presa in carico, sul frontespizio della lettera per la posta in partenza, e sul francobollo turco sulla posta in arrivo.
Non si conoscono lettere o frammenti annullati a Scutari sulle emissioni austriache del 1863 – 1864 - 1867, anche se essi sono stati ricordati dagli esperti Sigg. Friedl e Passer, ma non dal Mueller. Sono altresì conosciute lettere del periodo 1867-1870 con francobolli di Levante del 1867 annullati ad Antivari e francobolli turchi con il timbro a ditale di Scutari

ARGOSTOLI - CEFALONIA

Argostoli è il principale centro dell'isola di Cefalonia, la maggiore dell'arcipelago delle Isole Jonie. Un' Agenzia del Lloyd Austriaco venne aperta nel 1853 quando le navi del Lloyd cominciarono a scalare questo piccolo porto. Utilizzò dapprima il timbro annullatore ovale con la dicitura Agenzia del Lloyd Austriaco ed in centro Argostoli. Questo timbro veniva usato, prima del 1864, sulle buste non affrancate contenenti documenti marittimi che l'Agenzia conferiva all'Armatore.
Secondo Thcilingirian quest'agenzia venne dotata negli ultimi mesi del 1864 di francobolli di Lombardo Veneto, cioè in quei pochi mesi che precedettero l'apertura dell'Ufficio Postale Greco, che avvenne tra il 2 ed il 14 gennaio del 1865.
In quel periodo (ottobre-dicembre 1864) la posta sarebbe stata affrancata dall'Agenzia del Lloyd Austriaco con tali francobolli e questi annullati col timbro sopra descritto e con un timbro in corsivo con dicitura Cefalonia, sempre in colore azzurro.
A comprova di ciò affermò, citando l'ing. Mueller che data l'inizio d'uso dell'annullatore in corsivo nel 1861, che si conosce solo 1 lettera annullata con questo timbro corsivo, affrancata con 15 Soldi di Lombardo Veneto dell'emissione del 1863. (Tchilingirian parte 4° - pagg 290-291)
Secondo Del Bianco invece l'Agenzia di Cefalonia non venne mai dotata di francobolli di Lombardo Veneto, e che i pochi annullamenti del corsivo azzurro di Cefalonia si ritrovano solo su francobolli in Kreuzer, che probabilmente vengono da un'unica busta affrancata con diversi francobolli da 15 Kreuzer del 1864, dalla quale sono poi stati ritagliati quelli conosciuti ora come sciolti. Lo stesso Del Bianco avanza l'idea che tali francobolli siano stati portati da Trieste ed usati dall'agente della 1° sezione del Lloyd Austriaco, Sig. Giorgio Sava, all'epoca anche agente consolare incaricato.
Più recentemente il perito René Simmermacher (1.3.2012) ha la rilasciato la perizia relativa al francobollo qui di sotto esposto, confermandone l'originalità ed affermando che di questo annullo azzurro in corsivo Cefalonia esistono solo 2 esemplari del 5 Kreuzer e 3 esemplari del 15 Kreuzer e che nessuna lettera con tale annullamento è conosciuta.
Nondimeno, sia Tchilingirian alla pagina sopra citata che Del Bianco, pagg. 461 e 463 del vol. 3°, danno una rappresentazione grafica dell'annullamento che non corrisponde al vero. Entrambi fanno cominciare la tracciatura dell'iniziale lettera "C" alla destra della tratto verticale nel mentre essa inizia alla sinistra dello stesso, come si può vedere nell'esemplare qui di sotto.

Uffici in Grecia – Syra (Syros)

Agenzia del Lloyd Austriaco aperta nel 1836-37 ed in attività probabilmente fino agli inizi del 1900. Sira è una piccola isola dell'arcipelago delle Cicladi ed il suo porto, Hermoupolis, il maggiore dell'arcipelago. L'agenzia di Sira fu una delle prime ad essere aperte dal Lloyd, a solo uno o due anni dalla sua fondazione nel 1835, in considerazione della sua posizione strategica all'imbocco del Mar Egeo, per farne una stazione di rifornimento di carbone per i vapori della linea che collegava Trieste a Costantinopoli. Era anche un centro commerciale, molto attivo nell'esportazione di olio d'oliva e frutta secca. Successivamente divenne il terminal settentrionale della linea Sira-Canea-Alessandria. A Sira cambiavano nave i passeggeri provenienti dall'Egitto e da Creta per proseguire su quelle della linea espressa Trieste-Costantinopoli. L'Agenzia del Lloyd di Sira era molto attiva sul piano commerciale e logistico ma poco su quello postale. Le lettere scritte a bordo delle navi dai passeggeri che transitavano per Sira venivano consegnate all'Agenzia che le affidava alla nave successiva per il loro inoltro. Non essendoci fino al 1888 a bordo delle navi i timbri annullatori, le lettere viaggiavano senza annullamento. Solo alcune di queste venivano occasionalmente timbrate a Sira e di conseguenza la corrispondenza qui annullata è considerata estremamente rara.

Lettera spedita da Sira a Genova. Affrancata con 10 soldi del 1874 ed annullata con l'annullatore ovale, in colore azzurro, Agenzia del Lloyd Austro-Ungarico, SIRA al centro. La datadi spedizione Che si rileva all'interno è il 9 settembre 1880, secondo il calendario giuliano. Transito a Brindisi l'8 settembre 1880 e di arrivo a Genova del 9 settembre 1880. Cachet dell'agente P. Markotzis. (Sassone R2 – Tchilingirian parte 5° - pag 328-329 – Fig. 526). Ex Collezione Dr. A. Kohane

4. Vom "Gewittersturm" zur Kapitulation

3. Die Pfadfinderlilie als Zeichen des Widerstands und der Freiheit

Die Bourbon-Lilie - jeweils national etwas abgeändert - ist Symbol und Kennzeichen der Pfadfinder in aller Welt.

In der Euphorie der ersten Tage des Aufstandes und als Zeichen der aktiven Beteiligung der polnischen Pfadfinder zur Wiedergewinnung Ihrer Freiheit, wurde "ihre" Pfadfinderpost mit insgesamt zehn verschiedenen Stempeln gekennzeichnet, die alle die Pfadfinderlilie zeigen.

"Kartoffelstempel" Type 2b

Der legendäre "Kartoffelstempel", (von dem man früher annahm, daß er aus einer Kartoffel gefertigt wurde ) war vermutlich ein Linolschnitt. Es sind weniger als ein halbes Dutzend Belege bekannt mit Datum vom 6.oder 8.August.

4. Vom Gewittersturm zur Kapitulation

3. Die Pfadfinderlilie als Zeichen des Widerstandes und der Freiheit

Was lag näher als das verbotene Symbol der Pfadfinderbewegung, die "Lilie", als Zeichen des Widerstandes, der Freiheit und der Hoffnung - für alle Beteiligten sichtbar zu machen. Die Pfadfinderkuriere trugen als Erkennungszeichen eine Armbinde mit dem Lilien - Emblem.
Sämtliche Pfadfinderpoststempel: Postamtsstempel, Zensurstempel und der "Spendenquittungs"-Stempel (OPŁATA USZCONA) - zierte die Pfadfinderlilie.

Hauptpostamt

Da das Hauptpostamt sehr früh zerstört wurde, war natürlich der Pfadfinderpost-Stempel, Type 1, nur sehr kurz in Verwendung - 10 Tage ( 12.- 22. August 1944) und nur wenige Poststücke haben "überlebt"!

Ein Schreiben das neben dem Pfadfinder-Zensurstempel und dem "Spendenquittungs"-Stempel, den "GŁOWNA" Stempel (Type 1) der Pfadfinderpost zeigt, der im Hauptpostamt verwendet wurde. Alle diese Stempel haben die Pfadfinder-Lilie im Stempelbild.

4. Vom Gewittersturm zur Kapitulation

3. Die Pfadfinderlilie als Zeichen des Widerstandes und der Freiheit

Die Verwendung des weltweit bekannten Emblems der Pfadfinderbewegung, hatte eine weiteren Grund, erhoffte man doch die Unterstützung der westlichen Alliierten!

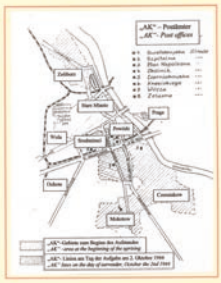

Im Postamt der Innenstadt Süd wurde ein Stempel eingesetzt, ein Rundstempel, der aus Holz geschnitzt war, in der Mitte die Lilie und der Umschrift: PFADFINDERPOST

Faltbrief vom 11. August mit dem Pfadfinderpost-Stempel Type 3, sowie Zensurstempel Type 33 und handschriftlichen Vermerk "Cenz". Aufgabestempel Type 28 und Eingangsstempel Type 29 Verwendungszeit des Stempels Type 3: 8.August - 2. September 1944

4. Vom Gewittersturm zur Kapitulation

3. Die Pfadfinderlilie als Zeichen des Widerstandes und der Freiheit

Todesmutig versahen Pfadfinder, Buben und Mädchen, ihren Dienst für die Befreiung Warschaus und ihres Vaterlandes. Achtzig verloren dabei ihr junges Leben und werden heute als Helden geehrt und nach dem Ende der sowjetischen Herrschaft endlich auch anerkannt!

3. Die Pfadfinderlilie als Zeichen des Widerstandes und der Freiheit

Unvorstellbar waren die Strapazen, die diese Kinder und Jugendliche auf sich genommen haben, unvorstellbar die Begeisterung mit der sie diese gefährlichen Aufgaben übernommen hatten.

Vorliegs-Postkarte mit dem Pfadfinderpost-Stempel Type 7 und AK.-Zensurstempel Type 37

In dem südlich gelegenen Stadtteil Czerniakow - der von den Aufständischen erobert worden war - befand sich ebenfalls ein Pfadfinder-Postamt. Ein eigener Stempel, aus Gummi gefertigt, zeigte die Pfadfinderlilie und darunter der Namen des Bezirkes CZERNIAKÓW, (Type 5), mit dem die eingegangene Post gestempelt wurde.

4. Vom "Gewittersturm" zur Kapitulation

4. Not macht erfinderisch

1. Woche:
1.- 6. August 1944

Alle Poststücke der Pfadfinderpost wollte man doch als solche kennzeichnen! So entstanden, nach ein, zwei Versuchen, die legendären "KARTOFFELSTEMPEL". Stempel aus einer Kartoffel geschnitzt - heute aber nimmt man an, daß es vermutlich Linoleum war - sogar mit erkennbarer Pfadfinder-Lilie und der Umschrift PFADFINDERPOST

Trotz der dramatischen Lage erschien schon am 2. August in der Stadtmitte eine Zeitung unter dem Namen "Warschau kämpft" und die erste Nummer des Zentralorgans der AK. " Biuletyn informacyjny".

# TRADING HOUSE
# Christoph Gärtner

*I have been an enthusiastic collector since I was 9 years old and that has remained the case to this day. I decided at an early age to turn my passion for philately into a profession, and in the meantime it has become more than 30 years of entrepreneurship.*

*In the beginning, the focus was on roll stamps and stamp booklets, but I also systematically expanded my range of postal stationery. My eye for unusual frankings and postmarks helped me to increasingly specialise in postal history documents and motifs, supplemented by collections and accumulations.*

*Within 10 years, Christoph Gärtner GmbH was one of the world's leading trading companies for postal stationery, topics and postal history.*

*In 2005 I founded my international auction house and established a philatelic centre. Since then, auction house and trading house have been united under one roof.*

*Since the beginning of my professional career, no way has been too far for me to hold important discussions, make contacts and personally receive consignments or purchases.*

*Together with my team of almost 50 people, I look forward to facing the challenges of the future – be it in the fields of philately, numismatics, banknotes or international auctions.*

*I would like to thank you very much for your loyalty!*

*Yours*
***Christoph Gärtner***

## *WICHTIGE INFORMATION*

Zum 1. Januar 2014 wurde die Umsatzsteuer für Sammlungsobjekte wie Briefmarken und Münzen von 7% auf 19% erhöht.
Deshalb bieten wir in unseren Auktionen inzwischen den überwiegenden Teil der Lose differenzbesteuert an. Bei diesen Losen wird weder für den Zuschlag noch für das Aufgeld Umsatzsteuer gesondert berechnet, da wir als Auktionshaus die anfallende Umsatzsteuer bei Lieferungen in Deutschland und innerhalb der EU tragen.
Seit der 29. Auktion können wir nun auch viele Lose differenzbesteuert anbieten, für die zuvor 19 % Umsatzsteuer erhoben werden musste. Hierbei handelt es sich um Lose, die in die EU eingeführt worden sind. Die mit dem Import verbundenen Kosten in Höhe von 7 % des Zuschlags müssen wir an Sie weiterberechnen ( = Importspesen, die Bestandteil des Kaufpreises sind). Diese Importspesen werden auch dann berechnet, wenn das gekaufte Los exportiert wird. Alle Lose dieser Art sind im Katalog mit einem Plus hinter der Losnummer (Beispiel: 4839 +) gekennzeichnet.
Nur Lose mit einem Punkt hinter der Losnummer (Beispiel: 3412 ●) unterliegen der Regelbesteuerung von derzeit 19 %, so dass wir hier Umsatzsteuer für Zuschlag und Aufgeld berechnen müssen (entfällt bei Export).
**Bei allen Losen ohne Kennzeichnung (● oder +) werden nur Zuschlag und Aufgeld berechnet – keine Umsatzsteuer oder Importspesen!**

Welche Auswirkungen dies für Sie als Bieter hat, wird an den folgenden Beispielen für ein Los, das mit 1.000,- € zugeschlagen wird, deutlich:

| ***BIS 31.12.2013*** | | **ZURZEIT** | | | | | |

☺ Hieraus wird ersichtlich, dass Sie die mit Differenzbesteuerung angebotenen Lose rund 3,6 % günstiger erwerben können als vor dem 1.1.2014.

☺ **Für alle Lose, die in ein umsatzsteuerliches Drittland ausgeführt werden, wird weiterhin keine Umsatzsteuer berechnet.**

## *IMPORTANT INFORMATION – FOR EC CUSTOMERS MAINLY*

Since January 1st, 2014 the German VAT for collectibles like stamps and coins was increased from 7% to 19%.
Therefore, we now offer the majority of our lots under margin system. No tax at all will be charged on top neither on the hammer price nor on the buyer's premium for these lots and the Christoph Gärtner Auction Company pays and transfers the VAT.
Starting with the 29th auction we now can offer many lots under margin system for which we previously had to charge 19 % VAT. These are lots which have been imported into the EC. The costs of the import amount 7 % of the hammer price which we have to charge you ( = import expenses, part of the buying price). The import expenses will also be invoiced, if the lots are exported. All lots of this kind are marked by a plus after the lot number (ie 4839 +).
Lots marked in the catalogue by a point after the lot number (ie 3412 ●) will be charged under normal VAT rate of 19 %, if the lot is not exported (not charged when exported).

**For all lots without any mark (● or +) only hammer price and buyer's premium will be charged - no VAT or import expenses will be added!**

☺ By implementation of the margin system purchasing of relevant lots will be 3,6% cheaper now for EC buyers.

☺ **Lots purchased in order to be carried out to Non-EC-Countries are exempted from taxation as before.**

| W **23409** | **1604/ 1690 (ca): 15 pages/ 1 frame exhibit "La Poste de l'ancienne France: l'antiquité faite trésor" (The Post of the former France - old treasures). 28 rare letters - of cause stampless - with post marks (mostly taxations) from the 17th century. A few letters with provenace "ex collection Jean Pothion". The letters are well described (in French), and put into the context of the relevant tarifs. It is possible to read this exhibit as an study on the post tarifs in France during the 17th century. A amazing collection. | **P 23414** | **1797/ 1805 (ca.) Collection of approx. 200 letters (letter contents)including many decrees from the so-called Revolutionary Period, most generally dated according to the French Revolutionary Calendar valid from 22 September 1792 to 31 December 1805. The illustrations which are in French described as signettes on the letterhead are partly coloured and obviously all different with typical revolution markings (phrygic cap on rods bundle, trikolore, cockade, Marianne etc.). All are complete and only a few have tolerable defects due to the age (small tears, patina). Many of the pieces originate from the French heartland for example from Toulon (navy), Strasbourg, Cherbourg, etc. Many of them are decrees or letters of regiments (here also in connection with Swiss in French service or prisoner of war), letters from the forest administration and police administration etc. You will find also some "PP" stamps with the "Bonnet Phrygien". A whole section descends from occupied territories (Departments Conquis), predominantly the area of today's Italy. We saw letters from Alessandria, Novi Ligure, Bassano, Rovigo, Milano, Palma, Fossombrone, Cesena, etc.**<br><br>**An additional section of about 65 folded letters shows the revolutionary names for the years, months and days from this time by means of arrival stamps as well as letters with the so-called Departement Postmarks from this period also from the French mainland departments and the Departments Conquis.**<br><br>**The collection is affixed on black sheets in the format DIN A3 (approx.) and labelled with white ink and has been untouched for decades. We auction without removing single sheets, although each item would be suitable as an individual lot. Such a collection of straight museal character would scarcely be present again in private hands. It is probably an unique opportunity to acquire material of such historical and post-historical significance, which represents the most recent event in modern European history. (K)** | | ⇨ |

| ⇨ P 23414 | *1797/ 1805 (ca.) FRANZÖSISCHE REVOLUTION - PERIODE REVOLUTIONAIRE: Sammlung von rd. 200 Briefen (Briefinhalte), oft Verordnungen und Erlasse, aus der sogenannten Revolutionären Periode, ganz überwiegend datiert nach dem vom 22. September 1792 bis 31. Dezember 1805 gültigen Französischen Revolutionskalender. Die im Französischen als Signetten bezeichneten Abbildungen auf den Briefköpfen (teils farbig) sind augenscheinlich alle verschieden, mit typischen Revolutionsmerkmalen (Phrygische Mütze auf Rutenbündel, Trikolore, Kokarde, Marianne etc.), alle komplett, nur wenige haben tolerierbare, dem Alter geschuldete Mängel (kleine Ausrisse, Patina). Viele der Stücke stammen aus dem französischen Kernland, zum Beispiel aus Toulon (Marine), Strasbourg, Cherbourg usw. Oft sind es auch Dekrete oder es handelt sich um Schreiben von Regimentern (hier auch Schriftverkehr um Schweizer in französischen Diensten oder um Kriegsgefangene) und Schreiben der Forstverwaltung und Polizeiverwaltung usw. Hier finden sich auch einige "PP"-Stempel mit der "Bonnet Phrygien". Eine ganze Sektion stammt aus den besetzten Gebieten (Departements Conquis), vorwiegend aus dem Bereich des heutigen Italien. Wir sahen Briefe von Alessandria, Novi Ligure , Bassano, Rovigo, Milano, Palma, Fossombrone, Cesena usw. Eine zweite Sparte der Sammlung von ca. 65 Faltbriefen zeigt anhand von Ankunftstempeln aus dieser Zeit die revolutionären Bezeichnungen für die Jahre, Monate und Tage, dazu beispielhaft Briefe mit den sog. Departement-Stempeln aus dieser Zeit, hier auch wieder aus den französischen Kernland-Departements und den Departements Conquis. Die Sammlung ist auf schwarzen Blättern im Format DIN A3 (ca.) aufgezogen und mit weißer Tusche beschriftet und ist seit Jahrzehnten unberührt. Wir versteigern ohne Entnahme einzelner Blätter, obwohl jedes dieser Dokumente einen Ausruf als Einzellos rechtfertigen würde. Eine solche Sammlung von geradezu musealem Charakter dürfte in Privathand kaum noch einmal vorhanden sein. Es handelt sich wohl um eine einmalige Gelegenheit, solch geschichtlich und postgeschichtlich bedeutendes Material, das das folgenreichste Ereignis der neuzeitlichen europäischen Geschichte abbildet, zu erwerben. (K)*<br><br>*1797/ 1805 (environ) REVOLUTION FRANÇAISE - PERIOD REVOLUTIONAIRE: Collection d'env. 200 lettres (lettres), souvent de règlements et décrets, de la soi-disante période révolutionnaire, généralement datée selon le calendrier de la Révolution Française valable du 22 Septembre 1792 au 31 Décembre 1805. Les illustrations indiqués en Français comme signets sur les têtes de lettre (partiellement en couleur) sont évidemment tous différents, avec des caractéristiques révolutionnaires typiques (cap phrygique sur faisceaux, tricolore, cocarde, Marianne, etc.), tous complètement, seulement quelques-uns ont des défauts tolérables en raison de l'âge (des petites larmes, la patine). Beaucoup de pièces proviennent de la France métropolitaine, par exemple de Toulon (marine), de Strasbourg, de Cherbourg, etc. Souvent, ce sont aussi des décrets ou des lettres de régiments (ici aussi la correspondance sur les Suisses aux services Français ou des prisonniers de guerre) et l'écriture de géstion forestière et l'administration de la police, etc. Ici ce trouvent aussi certaines timbres "PP" avec le "Bonnet Phrygien". Toute une section provient des régions occupés (départements de Conquis), surtout du domaine de l'Italie actuelle. Nous avons vu des lettres d'Alessandria, Novi Ligure, Bassano, Rovigo, Milano, Palma, Fossombrone, Cesena, etc. Le deuxième domaine de la collection d'environ 65 lettres pliantes montre au moyen des cachets d'arrivée de ce temps les indications révolutionnaires pour les années, les mois et les jours. En plus exemplairement des lettres avec les soi-disant cachets de département de cette période, ici aussi de nouveau des départements de pays principaux français et des départements de Conquis. La collection est montée sur des feuilles noires au format DIN A3 (environ) et etiquetée avec de l'encre Chine blanche et dès des décennies intact. Nous faisons des enchères sans prendre de feuilles individuelles, bien que chacun de ces documents justifie une exclamation en tant qu'un lot seule. Une telle collection du caractère vraiment de musée pourrait être disponible à peine une fois dans la main privée. Il s'agit probablement d'une occasion exceptionelle d'acquérir des matériaux d'une signification historique et historique de poste, ce qui représente l'événement le plus récent dans l'histoire européenne moderne. We note the 20k and 30k on carton paper both mint never hinged and signed (Michel #4x, 5x), points between '1' and '9' on various values, 4 of the key 15k NH, as well as interesting varieties not listed in Michel inc. green overprints and the 10k in NH strip of three on thick paper signed, etc. The sheets to 50k also show the points between '1' and '9' at position 2 in the first row and are a great resource for positioning of further plate varieties. Starting with overprints for Trentino and Venezia Julia followed by Fiume, the collection continues with the Italian occupation of Montenegro and Ljubljana and the German occupation of Zara. "Base Atlantica" - e.g. two stamps of the Propaganda series with double imprints (one of them upside down), and several copies of the unissued "Badoglio viola", the 50 cent. from the Impriale series overprinted with the signature of Gen. Badoglio. Here is a well-known first day cover of the AMG overprint edition (December 1943), on which is a copy of the Badoglio viola, which was also cancelled. The main part of the collection consists of the Italian occupation of Cefalonia and Itaca, here unique copies and extremely rare hand stamp overprints are found. According to Sassone the catalogue value is more than 600.000,- €, some rarities, which are only listed in Sassone without price, were not evaluated as well as a few stampss, which are not certified or not competently expertized. (A2)**<br>**Find the complete collection for download on www.stamp-auctions.de**<br><br>*ITALIENISCHE LOKALAUSGABEN/ BESETZUNGSGEBIETE - hochwertige, meist postfrische Sammlung seltener Marken, guten Serien u. einigen Belegen. Beginnend mit Überdrucken für das Trentino und Julisch Venezien über Fiume, geht es weiter mit der italienischen Besetzung von Montenegro und Laibach sowie der deutschen Besetzung von Zara. Weiter geht es mit der „Base Atlantica" – z.B. zwei Marken der Propaganda-Serie mit doppelten Aufdrucken (davon einer kopfstehend), und mehreren Exemplaren der nicht verausgabten „Badoglio viola", der 50 cent. Imperiale überdruckt mit der Unterschrift Gen. Badoglios. Hierbei ist ein literaturbekannter Ersttagsbrief der AMG-Überdruck-Ausgabe (Dezember 1943), auf dem sich ein Exemplar der Badoglio viola befindet, welches ebenfalls entwertet wurde. Den Hauptteil der Sammlung nimmt die italienische Besetzung von Cefalonia und Itaca ein, hier finden sich Unikate und extrem seltene Handstempelüberdrucke. Nach Sassone ergibt sich ein Katalogwert von wesentlich über 600.000,- €, dabei wurden einige Spitzen, welche im Sassone lediglich ohne Preis notiert sind, nicht bewertet wie auch einige wenige Marken, welche nicht attestiert bzw. nicht kompetent geprüft sind. | **P 25684** | **1880/1960 (ca.), Liebig trading cards, massive dealers stocks covering 95 albums and 39 boxes; around 94,000 cards in total, spread over approx. 14,000 sets and 9,000 singles.**<br><br>**Trading cards by the Liebig Meat Extract (Fleischextrakt) company were first produced in around 1875 in French and at a later stage in several languages. The first cards were singles; from about 1880 onwards, cards were produced in sets of a maximum of 6 single cards. While initially most of the cards displayed genre scenes with children, the sets were soon named and titled and aimed to impart knowledge by means of additional information printed on the back of the card. Until World War I, chromolithography was used to print the cards, while offset printing was increasingly used later. At the beginning of the 20th century, collecting Liebig cards was so popular that it even outshone the advertised product – Liebig meat extract. Soon, catalogues of the cards were published in Italian (Sanguinetti) and German (Arnhold / Spielhagen). The former listed all published cards, while in the latter, merely German cards were catalogued in chronological order according to the date of publication.**<br><br>**The material offered here has been grouped into three sections. The first section includes the sets catalogued in 60 albums from set 2 to set 1781. The two albums preceding this (published prior to 1880) include Sanguinetti issue numbers up to 100, covering 73 complete sets and 295 singles, i.e. a total of 843 cards. The retail price of these two albums is €23,000. As one would expect, the very early sets are subject to greater restrictions; traces of glue at the back, written notes and minor damage owing to folding are more common that with the later issues, which are in overall good condition. The following part lists later issues in the different languages, with issues in some languages being much rarer and hence more expensive. Singles from sets – if available – have been added to the catalogue, but only in this section of the material. In part owing to the Sanguinetti catalogue, Italian collectors particularly cherish Liebig trading cards. For this reason, we have arranged Italian items separately in four albums. These include 211 sets and 142 single items, i.e. a total of 1408 cards, valued at a sales price of around €7,000.** | | |

⇨ **P 25684**

**The second section includes 35 thematically arranged albums. As cards are grouped into categories such as world of work, history, art and culture, countries and peoples, nature and environment, sports and games, transport as well as science and technology and the respective subcategories, collectors interested in a particular area (Richard Wagner, railways, mining, etc.) can spot suitable material conviently, too. In this section, each set is only listed once for illustrative purposes. Sets of six cards each issued by the Stollwerck and Palmin companies complement this thematic arrangement. The material does not include any cards from other companies.**

**The second section – 39 boxes – contains around 10,500 chronologically arranged complete sets, which were intended as a reserve for sets which are available more than twice. These 95 albums were only meant for display of what is for sale, while sales themselves would usually be made right from these boxes, two of which contain Stollwerck and Palmin cards.**

**The entire material is neatly organized and well kept. The prints of all sets up to 1914 – lithographic prints – are exceptional and the graphic design of later issues is extremely appealing. Considering its size, this object is truly outstanding and has great potential for detailed use.**

*1880/1960 (ca.): Liebig-Sammelbilder, riesiges Händlerlager in 95 Alben und 39 Kisten. Enthalten sind insgesamt ca. 94000 Bilder, welche sich auf ca. 14000 Serien und ca. 9000 Einzelbilder verteilen.*

*Sammelbilder der Firma Liebig Fleischextrakt wurden ab ca. 1875 zuerst in französisch und später in mehreren Sprachen hergestellt. Bei den ersten Bildern handelte es sich um Einzelstücke; seit ca. 1880 wurden die Bilder in Serien von allermeist 6 Stück produziert. Wo anfangs noch Genredarstellungen mit Kindern überwogen, bekamen die Serien sehr bald Bezeichnungen und Titel und sollten durch rückseitige Zusatzinformationen Wissen vermitteln. Bis zum 1. Weltkrieg erfolgte die Herstellung als aufwändige Chromo-Lithographie; später setzte sich immer mehr der Offsetdruck durch. Zu Beginn des 20. Jahrhunderts war das Sammeln von Liebigbildern so stark verbreitet, dass die Beliebtheit der Bilder weit über die des eigentlich zu bewerbenden Produktes, nämlich des Liebig Fleischextraktes, hinausging. Schon bald erfolgte eine katalogmäßige Erfassung in italienisch (Sanguinetti) und in deutsch (Arnhold / Spielhagen), wobei ersterer alle erschienen Bilder, der zweite lediglich die deutschsprachigen in Abfolge des Erscheinungsdatums auflistete.*

*Der hier angebotene Bestand gliedert sich in 3 Teile. Im ersten Teil werden die Serien in 60 Alben von Serie 2 bis Serie 1781 numerisch dargestellt. Die beiden frühen Alben ab ca. 1880 enthalten die Ausgaben der Nummern Sanguinetti bis 100; es sind hier 73 vollständige Serien und 395 Einzelbilder, insgesamt 843 Bilder vertreten. Der vorgesehene Detailverkaufspreis dieser beiden Alben beträgt 23.000 €. Naturgemäß sind bei den ganz frühen Serien größere Einschränkungen vorhanden; rückseitige Klebestellen, Beschriftungen und leichte Beschädigungen durch Knicke sind hier häufiger vertreten als bei den späteren Ausgaben, die sich ganz überwiegend in guter Erhaltung präsentieren. Es folgen die späteren Ausgaben in den jeweils verwendeten Sprachen, wobei manche Sprachen erheblich seltener und daher auch teurer sind. Eventuell vorhandene Einzelbilder aus Serien sind (nur in diesem Teil des Bestandes) entsprechend beigefügt. Da (auch wegen des Sanguinetti-Kataloges) Liebig-Bilder in Italien besonders gerne gesammelt werden, sind die italienischen Exemplare gesondert in vier Alben aufbewahrt. Es handelt sich hier um 211 Serien und 142 Einzelstücke, also 1408 Bilder, mit einemgeplanten Verkaufspreis von ca. 7000 €.*

*Der zweite Teil mit 35 Alben ist nach thematischen Gesichtspunkten aufgebaut. Zuordnungen zu Themenbereichen wie Arbeitswelt, Geschichte, Kunst und Kultur, Land und Leute, Natur und Umwelt, Sport und Spiel, Verkehr sowie Wissenschaft und Technik und eine entsprechende Untergliederung erlauben es z. B. einem Sammler zu Bereichen wie Richard Wagner, Eisenbahn oder Bergbau sofort fündig zu werden. In diesem Bereich ist jede Serie jeweils nur ein Mal als Musterserie enthalten; dieser thematische Komplex wird durch Serien zu 6 Bildern der Firmen Stollwerck und Palmin ergänzt. Sammelbilder anderer Firmen finden sich nicht in diesem Bestand.*

*Der dritte Teil in 39 Kisten enthält ca. 10500 chronologisch sortierte vollständige Serien, welche den Vorrat für die häufiger als zwei Mal vorhandenen Serien darstellen. Da die 95 Alben lediglich als Vorlagemuster für den Verkauf gedacht waren, erfolgte der Verkauf üblicherweise aus diesen Kisten, unter denen sich auch zwei Stück mit Stollwerck und Palmin befinden.*

*Der gesamte Bestand ist gut sortiert und gepflegt. Die Druckausführung der Serien bis 1914 als Lithographien ist herausragend und die graphische Gestaltung der späteren Ausgaben durchaus ansprechend. Es handelt sich um ein in dieser Größe absolut herausragendes Objekt, welches ein hohes Potential zur Detailverwertung enthält.* ***45.000,-***

# Allgemeine Versteigerungsbedingungen

**Durch die Abgabe von Geboten werden die nachfolgenden Geschäftsbedingungen des Versteigerers anerkannt.**

*Diese Geschäftsbedingungen gelten, sofern und soweit zwingendes Recht am Ort der Versteigerung keine anderslautenden Regelungen vorschreibt.*

**1.** Die Versteigerung erfolgt öffentlich und freiwillig in eigenem Namen und für eigene Rechnung gegen sofortige Bezahlung in Euro. Devisen und Schecks werden zum Tageskurs der Bundesbank angenommen. Handel und Tausch sind im Auktionssaal nicht gestattet.

**2.** Die Steigerungssätze sind dem jeweils aktuellen Auktionsprogramm zu entnehmen und betragen 5 bis 10% des Ausrufwertes bzw. des angesteigerten Wertes. Der Zuschlag ergeht nach dreimaligem Ausruf an den Meistbietenden. Der Versteigerer hat das Recht, ohne Angabe von Gründen Personen von der Auktion auszuschließen, den Zuschlag zu verweigern, Gebote abzulehnen, Lose zurückzuziehen, zu vereinigen, aufzuteilen, umzugruppieren, bei Unklarheiten oder Missverständnissen nochmals aufzurufen oder in begründeten Fällen unter dem Vorbehalt der Genehmigung des Einlieferers zuzuschlagen. Untergebote mit Vorbehalts-Zuschlägen bleiben für den Bieter vier Wochen verbindlich, sind aber für den Versteigerer freibleibend. Bei gleich hohen Geboten entscheidet die zeitliche Reihenfolge des Gebotseinganges, bei zeitgleichem Eingang das Los. Lose, die „gegen Gebot“ ausgerufen werden, bedingen ein Mindestgebot von 20,- Euro und werden zum Höchstgebot zugeschlagen.

**3.** An den Versteigerer übermittelte (schriftliche) Gebote werden streng interessewahrend nur in dem Umfange ausgeschöpft, der notwendig ist, um anderweitig vorliegende Gebote zu überbieten, werden jedoch ohne Gewähr ausgeführt.

**4.** Telefonische Bieter müssen mindestens den Ausruf bieten und eine schriftliche Bestätigung nachreichen. Im Falle einer Nichterreichbarkeit gilt das Mindestgebot als geboten. Bei Telefongeboten übernimmt der Versteigerer keine Gewähr für das Zustandekommen einer Verbindung.

**5.** Der Versteigerer erhält vom Käufer ein Aufgeld von 23,8% des Zuschlagspreises sowie 2,- Euro pro Los. Für Lose, die mit • gekennzeichnet sind, wird für den Zuschlagspreis und das Aufgeld die gesetzliche Umsatzsteuer erhoben. Lose ohne Kennzeichnung unterliegen der Differenzbesteuerung nach §25a UStG; es erfolgt kein gesonderter Umsatzsteuerausweis. Bei Losen mit + (Plus) hinter der Losnummer handelt es sich ebenfalls um differenzbesteuerte Lose, jedoch werden zusätzlich die mit dem Import verbundenen Kosten in Höhe von 7% des Zuschlags ( = Importspesen, die Bestandteil des Kaufpreises sind ) an den Käufer weiterberechnet. Bei Zusendung der Ware werden Porto und Versicherungspauschale zuzüglich gesetzlicher Umsatzsteuer gesondert in Rechnung gestellt. Käufe, die in ein umsatzsteuerliches Drittland ausgeführt werden, sind von der Umsatzsteuer befreit. Steuern/Abgaben für die Einfuhr der Käufe im Zielland gehen zu Lasten des Käufers.

**6.** Mit dem Zuschlag kommt ein Kaufvertrag zwischen dem Versteigerer und dem Bieter zustande. Er verpflichtet den Käufer zur Abnahme und Bezahlung am Versteigerungsort. Wer für Dritte bietet, haftet selbstschuldnerisch neben diesen. Gleichzeitig geht mit der Zuschlagserteilung die Gefahr für nicht vom Versteigerer zu vertretende Verluste oder Beschädigungen auf den Käufer über. Das Eigentum an der ersteigerten Sache wird erst nach vollständigem Zahlungseingang beim Versteigerer auf den Käufer übertragen. Schriftliche Bieter erhalten in aller Regel eine Vorausrechnung, die sofort fällig ist. Erst nach vollständiger Bezahlung der Rechnung besteht ein Anspruch auf Aushändigung der gekauften Lose.

**7.** Sind Lose vereinbarungsgemäß vom Versteigerer zu versenden, hat der Käufer dem Versteigerer zu Nachforschungszwecken spätestens zehn Wochen nach dem Ende der Auktion (bei Vorkasse: nach der Bezahlung der Ware) schriftlich mitzuteilen, falls die zu versendende Ware nicht oder nicht vollständig zugegangen ist.

**8.** Alle Beträge, welche 14 Tage nach der Versteigerung bzw. Zustellung der Auktionsrechnung nicht beim Versteigerer eingegangen sind, unterliegen einem Verzugszuschlag von 2%. Dazu werden Zinsen in Höhe von 1% pro Monat erhoben, es sei denn, der Käufer weist nach, dass ein geringerer oder kein Schaden entstanden ist. Im Übrigen kann der Versteigerer wahlweise Erfüllung oder nach Fristsetzung Schadenersatz wegen Nichterfüllung verlangen; der Schadensersatz kann dabei auch so berechnet werden, dass die Lose verkauft oder in einer neuen Auktion nochmals angeboten werden. Der säumige Käufer muss hierbei für den Mindererlös gegenüber der früheren Versteigerung und den damit verbundenen zusätzlichen Kosten einschließlich der Gebühren des Versteigerers aufkommen. Auf einen eventuellen Mehrerlös hat er jedoch keinen Anspruch.

**9.** Die zur Versteigerung kommenden Lose können vor der Auktion besichtigt und geprüft werden. Sie werden in dem Zustand versteigert, in dem sie sich bei der Auktion befinden. Die nach bestem Wissen und Gewissen vorgenommenen Katalogbeschreibungen sind keine zugesicherten Eigenschaften. Der Käufer kann den Versteigerer nicht wegen Sachmängeln in Anspruch nehmen, sofern dieser seiner obliegenden Sorgfaltspflicht nachgekommen ist. Sammlungen, Posten etc. sind von jeglicher Reklamation ausgeschlossen, ansonsten verpflichtet sich der Versteigerer jedoch, wegen begründeter Mängelrügen, die ihm bis spätestens vier Wochen nach Auktionsschluss angezeigt werden müssen, innerhalb der Verjährungsfrist von einem Jahr seine Gewährleistungsansprüche gegenüber dem Einlieferer geltend zu machen.

Im Rahmen von Reklamationen ist bei der Rücksendung an den Versteigerer die Original-Loskarte beizufügen. Die Lose müssen sich in unverändertem Zustand befinden. Dies betrifft auch das Entfernen von Falzen, das Wässern, sowie chemische Behandlungen. Lediglich das Anbringen von Prüfzeichen der Mitglieder eines anerkannten Prüferverbandes gilt nicht als Veränderung. Der Versteigerer kann verlangen, dass bei Reklamationen ein entsprechender schriftlicher Befund eines zuständigen Verbandprüfers eingeholt wird. Will der Käufer eine Prüfung vornehmen lassen, so ist dies dem Versteigerer vor der Auktion mitzuteilen. Die Reklamationsfrist verlängert sich entsprechend. Dies betrifft jedoch nicht die Verpflichtung zur sofortigen Bezahlung der Lose. Die Kosten einer Prüfung werden dem Käufer in Rechnung gestellt, wenn das Prüfergebnis mit der Losbeschreibung übereinstimmt oder der Käufer das Los trotz abweichendem Prüfungsergebnis erwirbt. Mängel, die bereits aus der Abbildung ersichtlich sind, berechtigen nicht zur Reklamation. Lose, bei denen Fehler beschrieben sind, können nicht wegen eventueller weiterer geringer Fehler zurückgewiesen werden. Im Falle erfolgreicher Inanspruchnahme des Einlieferers erstattet der Versteigerer den gezahlten Kaufpreis einschließlich Aufgeld zurück; ein darüber hinausgehender Anspruch ist ausgeschlossen. Der Versteigerer ist berechtigt, den Käufer mit allen Reklamationen an den Einlieferer zu verweisen.

Durch die Abgabe eines Gebotes auf bereits von anerkannten Prüfern signierte oder attestierte Lose werden die vorliegenden Prüfzeichen oder Atteste als maßgeblich anerkannt. Werden Lose unter dem Vorbehalt der Gutachten anderer Prüfer beboten, so ist dies dem Versteigerer mit dem Gebot anzuzeigen.

Bezeichnungen wie „Pracht“, „Kabinett“, „Luxus“ etc. stellen die subjektive Einstellung des Versteigerers und in keinem Falle eine Beschaffenheitsangabe im kaufrechtlichen Sinne dar. Lose, die mit „feinst“ oder „fein“ beschrieben sind, können Fehler aufweisen. Stücke, deren Wert durch den Stempel bestimmt wird, können wegen anderer Qualitätsmängel nicht beanstandet werden.

**10.** Ansichtssendungen sind nur von Einzellosen möglich. Postfrische Marken sind von der Versendung ausgeschlossen. Die Lose sind innerhalb von 24 Stunden zurückzusenden, wobei die von uns gewählte Versendungsart anzuwenden ist. Gefahr und Kosten gehen zu vollen Lasten des Anforderers. Sollten die Lose am Auktionstag nicht vorliegen, so werden sie eine Steigerungsstufe über dem nächsthöheren Gebot, mindestens jedoch zum Ausruf, dem Anforderer zugeschlagen.

**11.** Erfüllungsort ist Bietigheim-Bissingen. Das gilt auch, wenn wir die Ware ausnahmsweise an einem anderen Ort übergeben oder von einem anderen Ort aus versenden. Gerichtsstand für den vollkaufmännischen Verkehr ist Ludwigsburg. Es gilt ausschließlich deutsches Recht. Kommen Kaufverträge durch Versteigerung in einem Land außerhalb der Bundesrepublik Deutschland zustande, findet bei Verbrauchern deutsches Recht nur Anwendung, soweit hierdurch der durch zwingende Bestimmungen des Rechts des Staats des gewöhnlichen Aufenthalts des Verbrauchers gewährte Schutz nicht entzogen wird (Günstigkeitsprinzip).

**12.** Sollten eine oder mehrere der vorstehenden Bedingungen ganz oder teilweise unwirksam sein oder werden, berührt dies nicht die Gültigkeit der übrigen Bedingungen. Es soll dann das gelten, was dem ursprünglich wirtschaftlich verfolgten Zweck entspricht oder ihm am nächsten kommt.

**13.** Vorstehende Bestimmungen gelten sinngemäß auch für den Nachverkauf und den freihändigen Verkauf.

# General Auction Conditions

**By the submission of bids the following General Auctions Conditions of the Auctioneer are recognized and accepted.**

*These Auction Conditions shall apply, unless binding law at the location of the auction stipulates divergent provisions.*

**1.** The auction is voluntary and held in public in the name of the auctioneer on his own behalf for his own account against immediate payment in Euro. Foreign currency and cheques are accepted at the daily exchange rate of the German Federal Reserve. Trading and exchange are not allowed in the auction rooms.

**2.** Bidding increments are published in the actual Auction Manual and are from 5 to 10% of the starting price or the actual submitted bid price respectively. The lot is sold to the highest bidder after threefold call. The Auctioneer reserves the right to bar persons from the auction at his sole discretion, to refuse knocking a lot down or to withdraw, pool, recombine or divide lots, to call lots once more in case of equivocality or misunderstandings or to knock a lot down subject to consignor's approval. Bids below the starting price with a knockdown subject to consignor's approval are binding for the bidder for a period of four weeks but are non-binding for the auctioneer. In case of even bids the chronological order of their receipt is applicable; in case of simultaneous receipt of even bids the auctioneer decides by drawing lots.

**3.** Bids transmitted to the auctioneer (in written form) will be treated with confidence and will only be used to top the other previous bid. However the auctioneer cannot take responsibility for this procedure. Lots without a particular starting price require a minimum bid of 20,- Euro and will be knocked down to the highest bid.

**4.** Telephone bidders must offer at least the starting price and submit a written confirmation thereafter. In the event of unavailability of the bidder on the phone the minimum bidding price is valid. The auctioneer is not responsible for the setting up and/or persistence of the telephone connection.

**5.** The auctioneer receives a premium of 23.8% of the hammer price from the buyer plus 2.00 Euro per purchased lot. For all lots which are marked with • behind the lot number Value Added Tax (VAT) will be added to the hammer price and to the buyers premium. Lots without marking are sold under the margin system (§25a UStG); there will be no turnover tax statement. Lots marked with + are sold under the margin system as well but additional expenses for importing the items in the amount of 7% of the hammer price are charged (= Import Expenses, which are part of the total sales price ). If shipment is requested by the buyer or becomes necessary, costs for postage, packing and insurance plus VAT will be charged separately. For purchases from abroad, which will be exported to a third country (non-EU), VAT will not be invoiced after receiving an evidence of exportation. Duty and/or other charges related to importing the purchases into the country of destination are on buyer's account.

**6.** The purchase contract between the auctioneer and the buyer is closed on the knockdown of the lot. Based on this contract the buyer is obliged to accept and pay for the goods at the point of sale. In case of bidding for a third party, the bidder is liable as a principal as well as the third party. At the moment of knockdown all risks concerning loss or damage of a purchased lot is the responsibility of the buyer. The ownership of the auctioned goods will only be transferred to the buyer when full payment has been effected. Bidders making written bids will in general receive a prepayment invoice, which is due for immediate payment. Only if the invoice has fully been paid, the buyer has the right to claim ownership of the purchased lots.

**7.** If it is agreed, that the auctioneer will ship the purchased lots, and they are not or not completely received within ten weeks after the end of the auction (in case of prepayment: after the payment of the goods) latest, the buyer has to inform the auctioneer in writing about this incident for purposes of investigation.

**8.** Outstanding debits, which have not been paid 14 days latest after the auction and/or receipt of the invoice, will be subject to a default charge of 2%. Furthermore 1% interest per month will be charged unless the buyer can provide evidence that only a lower or no damage has been caused. Furthermore it is in the auctioneer's sole discretion whether he insists on performance or on compensation due to non-fulfillment after a set period. Compensation will be calculated after the lots have been sold directly or on another auction to a third party. In this case the defaulter has to compensate the loss of the auctioneer resulting from a lower sales price and additional costs. The defaulter is not entitled to additional proceeds earned by the auctioneer when selling the lots to a third party.

**9.** The objects for auction may be viewed and inspected prior to the auction. They will be auctioned in the condition as they are at the time of auction. The catalogue descriptions were made in all conscience and do not warrant any characteristics. The buyer cannot hold the auctioneer liable for any faults provided that the auctioneer has not infringed his duty to take care. Collections, batches etc. are excluded from any complaint, apart from that the auctioneer is obliged to hold the consignor liable for any complaint, which is made by the buyer within a period of 4 weeks after the auction, within a limitation period of one year. Complaints concerning a lot must be sent to the auctioneer together with the original auction lot card. The lot must be presented in its unchanged condition. This applies to the removal of hinges, submersion in water as well as chemical treatment. Only the application of sign information by a member of an acknowledged auditor association will not be regarded as tampering. In the event of complaints the auctioneer can demand a written expertise of an acknowledged auditor. If the buyer intends to get an expertise, he will inform the auctioneer about it prior to the auction. The period for complaint will be prolonged respectively. However, this does not inflict the right of the auctioneer to be timely paid. Any appraisal fees will be charged to the buyer, if the result matches the lot description or if he acquires the lot in spite of dissent opinion. Any faults, which are obvious at the time of photography, are excluded from the right of complaint. If faults of a lot are described in the auction catalogue, this lot will not be rejected and returned by the buyer because of further smaller faults. In the event of a successful claiming of the consignor the auctioneer refunds the paid purchase price and buyer's premium; the buyer is not entitled to further claims. The auctioneer has the right to refer the buyer with all of his complaints to the consignor.

By bidding on lots, which were already signed or certified by acknowledged auditors, the buyer accepts these approval marks or certificates as decisive. If bids are placed with reservation of an appraisal of another auditor, the bidder will inform the auctioneer about this reservation when placing his bid.

Descriptions such as „Pracht", „Kabinett", „Luxus" etc. are a subjective opinion of the auctioneer and under no circumstance a statement in regard to warranted characteristics. Lots which bear the description „feinst" or „fein" may possibly have small faults. Objects having a value which is defined by their postmark are excluded from complaint of any other defects.

**10.** Only single lots can be shipped for viewing. They must be returned to the auctioneer within 24 hours, in doing so our mode of dispatch must be utilized. Any risks and costs are for the account of the requesting party. If these lots are not present in the auction house on the day of the auction, they will be knocked down in favour of the requesting party one increment above the highest bidding price but at least for the starting price.

**11.** Place of fulfilment is Bietigheim-Bissingen. This will also apply, if by way of exception we hand the goods over at another location or if we send the goods from another location. Place of jurisdiction for the full trading is Ludwigsburg. Only German law shall apply. If purchase contracts are closed by auction in a country outside Germany, for consumers German law shall only apply, as far as hereby the granted protection of the law of the state, in which the consumer has his main residence, is not withdrawn (favourability principle).

**12.** Should one or more of the conditions above or a part of them become invalid, the validity of the other conditions will remain unchanged. The invalid conditions shall be replaced by valid conditions, which conform to their economic purpose.

**13.** The conditions above shall also apply to after sale and private treaty.
