## THE FIFTH CONTINENT IN REFLECTION OF PHILATELY

We are pleased to present and offer this extensive and varied compilation of Australian Philately in the appropriate setting with an "Australia" special catalog. The stamps of Australia, presented as key elements of the postal history of the Australian Confederation, the "Commonwealth of Australia", will be auctioned on 23<sup>rd</sup> February 2021 by online auction and if possible as a live room auction.

The turn from the 19<sup>th</sup> to the 20<sup>th</sup> century marks the transition of the postal systems of the Australian Territorial States to standardization under the general postal system of the Australian Confederation of States.

Lots of the transition period (from around 1900) including stamps, covers and postal stationeries from over 10 consignors are offered and sorted by the individual states and in chronological order, comprising many rare and interesting postal history items.

The first "general" stamps for Australia were issued in the year 1913, the beginning of a new era, presented by a vast array of philatelic "gems" from the age of King George V. & VI.

Definitive stamps starting with the "kangaroo" issues with numerous top values incl. many specialties, i.a. rare colours and watermarks, margin imprints, varieties, postmarks etc., associated with

a remarkable range of covers, i.e. scarce frankings, valuable airmails, registered mail, postmarks from small towns, interesting destinations, official mail, field-post, P.O.W.-mail, censored mail and plenty of other useful material.

Furthermore included is an exceptionally comprehensive compilation of postal stationeries: post-cards, envelopes, registered-envelopes, letter-cards, wrappers, air letters etc. in various types, impressive amounts of pictorial stationeries, stamped-to-order stationeries of all kind including unique examples and new discoveries.

We would like to welcome you in our headquarters in Bietigheim-Bissingen. Please pay attention to our information about the current security measures.

We also will gladly accept your bids via E-Mail, Phone or online on [www.auktionen-gaertner.de](http://www.auktionen-gaertner.de). For live bidding, register at [www.philasearch.de](http://www.philasearch.de).

## MARTIN FRISCHAUF

\*17. Oktober 1958 †13. September 2020

### NACHRUF

Wir erinnern uns liebevoll an Ing. Martin Frischauf, ein wunderbarer Mensch und großer Philatelist, der am 13. September 2020 völlig unerwartet verstorben ist. Unser tiefes Mitgefühl gilt seinem Sohn Christian und dessen Familie.

Der berufliche Weg von Martin Frischauf begann in seiner geliebten Heimat Österreich. Er arbeitete viele Jahre erst als Hochbautechniker, später als Bauamtsleiter in Neumarkt am Wallersee. Als sich die Gelegenheit bot, wechselte er mit Begeisterung das Fachgebiet und machte sein Hobby – seine Leidenschaft für Briefmarkensammlungen – zu seinem beruflichen Lebensinhalt.

Im April 2002 begann er seine Laufbahn als Berufsphilatelist bei der Firma Christoph Gärtner. Als international geschätzter Kenner der Philatelie und Spezialist für Australien brachte er sein breites Fachwissen intensiv in alle Bereiche der Firma Gärtner

ein, von der Bewertung von Sammlungen über die Klassifizierung von Einzelstücken und Beschreibung von Auktionslosen. Dabei kam er oft zu neuen Erkenntnissen, spektakulären Entdeckungen – und löste so manches postgeschichtliche Rätsel.

Martin pflegte viele persönliche Kontakte zu Sammlerfreunden in aller Welt. So konnte man ihn immer wieder auf Weltausstellungen, Messen, Briefmarkttagen und anderen Veranstaltungen antreffen. Besonders aktiv war er in der Arbeits- und Forschungsgemeinschaft „Sammlerring Australien e.V.“ [www.sammlerring-australia.de](http://www.sammlerring-australia.de). Martin veröffentlichte auch Artikel in der Zeitschrift des Vereins, dem „Bumerang“. Bei den jährlichen Treffen der Gemeinschaft fungierte er als Auktionator bei den Versteigerungen des Vereins. Kaum war ein Treffen vorbei, freute er sich schon auf das nächste.

Im Norden konnte er den Kopf frei bekommen. Auf

den Halligen ließ er sich gerne die Seeluft um die Nase wehen, genoss die Natur und die Seehunde – eine lange Reise ins ferne Australien kam für ihn nicht mehr in Frage. Dafür war ihm sein Lieblingstier, der Koala, umso mehr ans Herz gewachsen. Das spiegelte sich auch in seiner E-Mail-Adresse koala99@gmx.at und seinem Pseudonym bei eBay wider – und so schlüpfte er einfach in seine australische Identität.

## OBITUARY

We lovingly remember Ing. Martin Frischauf, a wonderful person and great philatelist, who passed away totally unexpected on September 13, 2020. Our deepest sympathy goes to his son Christian and his family.

Martin Frischauf's professional way began in his beloved homeland Austria. He worked for many years first as a building construction technician, later as the head of the building department in Neumarkt am Wallersee. When the opportunity presented itself, he enthusiastically changed fields and made his hobby – his passion for stamp collections – his purpose to his life earnings.

In April 2002, he started his career as a professional philatelist at the Christoph Gärtner Company. As an international valued connoisseur of philately and a specialist for Australia, he contributed his wide expertise intensively to all areas of the Gärtner Company, from valuation of collections to classification of individual items and the description of auction lots. He often came up with new insights, spectacular discoveries – and worked out many a postal history mystery.

Martin also enjoyed personal contacts with collector friends all over the world. So you could meet him

Mit Martin Frischauf haben wir einen sehr loyalen, versierten und sachkundigen Mitarbeiter und allseits geschätzten Kollegen verloren. Die Lücke, die er hinterlässt, wird sich auf diese Weise nicht schließen lassen. Martin wird einen festen Platz in unseren Herzen und in unserer Erinnerung behalten. Lebendig bleibt er mit uns in jedem Koala.... Möge er in Frieden ruhen.

*Christoph Gärtner & Team*

again and again at world exhibitions, fairs, stamp days and other events. He was particularly active in the working and research community „Sammllerring Australia e.V.“ [www.sammllerring-australia.de](http://www.sammllerring-australia.de). Martin published also articles in the society's magazine, the „Bumerang“. At the annual meetings of the community he as well acted as auctioneer at the society's auctions. Once one meeting was over he was already looking forward to the next one.

He could get his mind free in the north of Germany. On the Halligen he liked to enjoy the smell of a fresh sea breeze, nature and the sea seals – a long journey to faraway Australia was no longer an option for him. But, his favorite animal, the koala, has found his way to his heart. This was also reflected in his e-mail address koala99@gmx.at and his pseudonym on eBay – and so he simply slipped into his Australian identity.

With Martin Frischauf, we have lost a very loyal, accomplished and knowledgeable employee and appreciated colleague. His death has left a gap which we are no longer able to fill. Martin will keep a firm place in our hearts and our memories. He remains with us alive in every Koala.... May he rest in peace.

*Australien 1850 - 1856: „Madonna und Victoria“*

Wer das Wort „Madonna“ googelt, findet in der heutigen Zeit schwindender Religiosität kaum überraschend an erster Stelle aller Einträge die bekannte Sängerin „Madonna“, die 1958 als Madonna Louise Ciccone geboren wurde. Erst an zweiter Stelle rangiert die italienische Bezeichnung für die Mutter Gottes („Madonna“= „meine Dame“), von der sich auch „Madonnas“ erster Vorname ableitet. Viele Künstler schufen unzählige Madonnen- bzw. Marienbildnisse der „Himmelskönigin“, so dass es nicht verwunderlich erscheint, dass die ersten Briefmarken der australischen Kolonie Victoria von 1850 den Eindruck vermitteln, eine Madonnendarstellung als Motiv zu besitzen. Doch der Schein trügt: Tatsächlich handelt es sich um eine nur madonnenhaft erscheinende Darstellung der damals regierenden britischen Königin Victoria (24.5.1819 - 22.1.1901; reg. seit 1837). Der Teilstaat Victoria hatte doppelten Grund, Queen Victoria als Markenmotiv zu wählen: Zum einen war sie die Namensgeberin der Kolonie, zum anderen war sie damals regierende Monarchin des Mutterlandes. Wir zeigen hier eine Faltbriefhülle mit 6 dieser „Victoria“-Marken.

Die Frankatur besteht aus 5 Exemplaren der 3 Pence blau sowie einer Einzelmarke der 1 Penny rosa, die jeweils in Erstauflage am 3.1.1850 verausgabt wurden und in diversen Farb- und Detailvarianten bis 1854 gedruckt wurden. Die Marken, auf denen die Queen mit Szepter und Reichsapfel sowie mit einem großen Schleier auf

dem Thron sitzend zu sehen ist („Half Lengths“), gehören mit den Erstaussagen von New South Wales zu den frühesten australischen Briefmarken und rangieren auch weltweit jahrgangsmäßig zumindest auf den vorderen Rängen. Sie wurden zudem nicht wie viele britische Kolonialmarken in London, sondern bereits in Victorias Hauptstadt Melbourne gedruckt, was allerdings zu schlechten Drucken führte, denn der Druck ist unscharf und das Motiv in der Druckplatte recht grob gearbeitet. Die Schnittqualität der Marken ist unterschiedlich und reicht von angeschnitten bis voll- und breitrandig. Die Entwertung erfolgte mit dem Nummernstempel „1“ von Melbourne, wobei auf der Rückseite der Datumsstempel „Melbourne D Au(gust) 6, 18.“ Victoria“ abgeschlagen ist. Leider sind die beiden letzten Ziffern der Jahreszahl unleserlich, so dass wir nicht wissen, in welchem Jahr der Brief versandt wurde. Da 1857 eine neue Markenserie erschien, fällt das Beförderungsdatum höchstwahrscheinlich in die Zeit von 1850 bis 1856. Der Brief ist an einen Empfänger in Geelong gerichtet, einer heute 160.000 Einwohner zählenden Hafenstadt 75km südwestlich von Melbourne gelegen, wo er am 7.8. (ohne Jahreszahl im Ankunftsstempel) ankam. Unsere 16 Pence-Frankatur stellt eine ausgesprochene Rarität dar, die auch durch ihre Schönheit besticht und deshalb nach heftigem Bietergefecht auf einer Auktion im Oktober 2020 erwartungsgemäß mit dem über doppelten Ausrufpreis einem neuen Besitzer zugeschlagen wurde.

# ALLGEMEINE VERSTEIGERUNGSBEDINGUNGEN

## Durch die Abgabe von Geboten werden die nachfolgenden Geschäftsbedingungen des Versteigerers anerkannt.

*Diese Geschäftsbedingungen gelten, sofern und soweit zwingendes Recht am Ort der Versteigerung keine anderslautenden Regelungen vorschreibt.*

1. Die Versteigerung erfolgt öffentlich und freiwillig in eigenem Namen und für eigene Rechnung gegen sofortige Bezahlung in Euro. Devisen und Schecks werden zum Tageskurs der Bundesbank angenommen. Handel und Tausch sind im Auktionssaal nicht gestattet.

2. Die Steigerungssätze sind dem jeweils aktuellen Auktionsprogramm zu entnehmen und betragen 5 bis 10% des Ausrufwertes bzw. des angesteigerten Wertes. Der Zuschlag ergeht nach dreimaligem Ausruf an den Meistbietenden. Der Versteigerer hat das Recht, ohne Angabe von Gründen Personen von der Auktion auszuschließen, den Zuschlag zu verweigern, Gebote abzulehnen, Lose zurückzuziehen, zu vereinigen, aufzuteilen, umzugruppieren, bei Unklarheiten oder Missverständnissen nochmals aufzurufen oder in begründeten Fällen unter dem Vorbehalt der Genehmigung des Einlieferers zuzuschlagen. Untergebote mit Vorbehalts-Zuschlägen bleiben für den Bieter vier Wochen verbindlich, sind aber für den Versteigerer freibleibend. Bei gleich hohen Geboten entscheidet die zeitliche Reihenfolge des Gebotseinganges, bei zeitgleichem Eingang das Los. Lose, die „gegen Gebot“ ausgerufen werden, bedingen ein Mindestgebot von 20,- Euro und werden zum Höchstgebot zugeschlagen.

3. An den Versteigerer übermittelte (schriftliche) Gebote werden streng interessewährend nur in dem Umfange ausgeschöpft, der notwendig ist, um anderweitig vorliegende Gebote zu überbieten, werden jedoch ohne Gewähr ausgeführt.

4. Telefonische Bieter müssen mindestens den Ausruf bieten und eine schriftliche Bestätigung nachreichen. Im Falle einer Nichterreichbarkeit gilt das Mindestgebot als geboten. Bei Telefongeboten übernimmt der Versteigerer keine Gewähr für das Zustandekommen einer Verbindung.

5. Der Versteigerer erhält vom Käufer ein Aufgeld von 23,8% des Zuschlagspreises sowie 2,- Euro pro Los. Für Lose, die mit • gekennzeichnet sind, wird für den Zuschlagspreis und das Aufgeld die gesetzliche Umsatzsteuer erhoben. Lose ohne Kennzeichnung unterliegen der Differenzbesteuerung nach §25a UStG; es erfolgt kein gesonderter Umsatzsteuerausweis. Bei Losen mit + (Plus) hinter der Losnummer handelt es sich ebenfalls um differenzbesteuerte Lose, jedoch werden zusätzlich die mit dem Import verbundenen Kosten in Höhe von 7% des Zuschlags (= Importspesen, die Bestandteil des Kaufpreises sind) an den Käufer weiterberechnet. Bei Zusendung der Ware werden Porto und Versicherungspauschale zuzüglich gesetzlicher Umsatzsteuer gesondert in Rechnung gestellt. Käufe, die in ein umsatzsteuerliches Drittland ausgeführt werden, sind von der Umsatzsteuer befreit. Steuern/Abgaben für die Einfuhr der Käufe im Zielland gehen zu Lasten des Käufers.

6. Mit dem Zuschlag kommt ein Kaufvertrag zwischen dem Versteigerer und dem Bieter zustande. Er verpflichtet den Käufer zur Abnahme und Bezahlung am Versteigerungsort. Wer für Dritte bietet, haftet selbstschuldnerisch neben diesen. Gleichzeitig geht mit der Zuschlagserteilung die Gefahr für nicht vom Versteigerer zu vertretende Verluste oder Beschädigungen auf den Käufer über. Das Eigentum an der ersteigerten Sache wird erst nach vollständigem Zahlungseingang beim Versteigerer auf den Käufer übertragen. Schriftliche Bieter erhalten in aller Regel eine Vorausrechnung, die sofort fällig ist. Erst nach vollständiger Bezahlung der Rechnung besteht ein Anspruch auf Aushändigung der gekauften Lose.

7. Sind Lose vereinbarungsgemäß vom Versteigerer zu versenden, hat der Käufer dem Versteigerer zu Nachforschungszwecken spätestens zehn Wochen nach dem Ende der Auktion (bei Vorkasse: nach der Bezahlung der Ware) schriftlich mitzuteilen, falls die zu versendende Ware nicht oder nicht vollständig zugegangen ist.

8. Alle Beträge, welche 14 Tage nach der Versteigerung bzw. Zustellung der Auktionsrechnung nicht beim Versteigerer eingegangen sind, unterliegen einem Verzugszuschlag von 2%. Dazu werden Zinsen in Höhe von 1% pro Monat erhoben, es sei denn, der Käufer weist nach, dass ein geringerer oder kein Schaden entstanden ist. Im Übrigen kann der Versteigerer wahlweise Erfüllung oder nach Fristsetzung Schadenersatz wegen Nichterfüllung verlangen; der Schadenersatz kann dabei auch so berechnet werden, dass die Lose verkauft oder in einer neuen Auktion nochmals angeboten werden. Der säumige Käufer muss hierbei für den Mindererlös gegenüber der früheren Versteigerung und den damit verbundenen zusätzlichen Kosten einschließlich der Gebühren des Versteigerers aufkommen. Auf einen eventuellen Mehrerlös hat er jedoch keinen Anspruch.

9. Die zur Versteigerung kommenden Lose können vor der Auktion besichtigt und geprüft werden. Sie werden in dem Zustand versteigert, in dem sie sich bei der Auktion befinden. Die nach bestem Wissen und Gewissen vorgenommenen Katalogbeschreibungen sind keine zugesicherten Eigenschaften. Der Käufer kann den Versteigerer nicht wegen Sachmängeln in Anspruch nehmen, sofern dieser seiner obliegenden Sorgfaltspflicht nachgekommen ist. Sammlungen, Posten etc. sind von jeglicher Reklamation ausgeschlossen, ansonsten verpflichtet sich der Versteigerer jedoch, wegen begründeter Mängelrügen, die ihm bis spätestens vier Wochen nach Auktionsschluss angezeigt werden müssen, innerhalb der Verjährungsfrist von einem Jahr seine Gewährleistungsansprüche gegenüber dem Einlieferer geltend zu machen.

Im Rahmen von Reklamationen ist bei der Rücksendung an den Versteigerer die Original-Loskarte beizufügen. Die Lose müssen sich in unverändertem Zustand befinden. Dies betrifft auch das Entfernen von Falzen, das Wässern, sowie chemische Behandlungen. Lediglich das Anbringen von Prüfzeichen der Mitglieder eines anerkannten Prüferverbandes gilt nicht als Veränderung. Der Versteigerer kann verlangen, dass bei Reklamationen ein entsprechender schriftlicher Befund eines zuständigen Verbandprüfers eingeholt wird. Will der Käufer eine Prüfung vornehmen lassen, so ist dies dem Versteigerer vor der Auktion mitzuteilen. Die Reklamationsfrist verlängert sich entsprechend. Dies betrifft jedoch nicht die Verpflichtung zur sofortigen Bezahlung der Lose. Die Kosten einer Prüfung werden dem Käufer in Rechnung gestellt, wenn das Prüfergebnis mit der Losbeschreibung übereinstimmt oder der Käufer das Los trotz abweichendem Prüfungsergebnis erwirbt. Mängel, die bereits aus der Abbildung ersichtlich sind, berechtigen nicht zur Reklamation. Lose, bei denen Fehler beschrieben sind, können nicht wegen eventueller weiterer geringer Fehler zurückgewiesen werden. Im Falle erfolgreicher Inanspruchnahme des Einlieferers erstattet der Versteigerer den gezahlten Kaufpreis einschließlich Aufgeld zurück; ein darüber hinausgehender Anspruch ist ausgeschlossen. Der Versteigerer ist berechtigt, den Käufer mit allen Reklamationen an den Einlieferer zu verweisen.

Durch die Abgabe eines Gebotes auf bereits von anerkannten Prüfern signierte oder attestierte Lose werden die vorliegenden Prüfzeichen oder Atteste als maßgeblich anerkannt. Werden Lose unter dem Vorbehalt der Gutachten anderer Prüfer geboten, so ist dies dem Versteigerer mit dem Gebot anzuzeigen.

Bezeichnungen wie „Pracht“, „Kabinett“, „Luxus“ etc. stellen die subjektive Einstellung des Versteigerers und in keinem Falle eine Beschaffenheitsangabe im kaufrechtlichen Sinne dar. Lose, die mit „feinst“ oder „fein“ beschrieben sind, können Fehler aufweisen. Stücke, deren Wert durch den Stempel bestimmt wird, können wegen anderer Qualitätsmängel nicht beanstandet werden.

10. Ansichtssendungen sind nur von Einzellosen möglich. Postfrische Marken sind von der Versendung ausgeschlossen. Die Lose sind innerhalb von 24 Stunden zurückzusenden, wobei die von uns gewählte Versendungsart anzuwenden ist. Gefahr und Kosten gehen zu vollen Lasten des Anforderers. Sollten die Lose am Auktionstag nicht vorliegen, so werden sie eine Steigerungsstufe über dem nächsthöheren Gebot, mindestens jedoch zum Ausruf, dem Anforderer zugeschlagen.

11. Erfüllungsort ist Bietigheim-Bissingen. Das gilt auch, wenn wir die Ware ausnahmsweise an einem anderen Ort übergeben oder von einem anderen Ort aus versenden. Gerichtsstand für den vollkaufmännischen Verkehr ist Ludwigsburg. Es gilt ausschließlich deutsches Recht. Kommen Kaufverträge durch Versteigerung in einem Land außerhalb der Bundesrepublik Deutschland zustande, findet bei Verbrauchern deutsches Recht nur Anwendung, soweit hierdurch der durch zwingende Bestimmungen des Rechts des Staats des gewöhnlichen Aufenthalts des Verbrauchers gewährte Schutz nicht entzogen wird (Günstigkeitsprinzip).

12. Sollten eine oder mehrere der vorstehenden Bedingungen ganz oder teilweise unwirksam sein oder werden, berührt dies nicht die Gültigkeit der übrigen Bedingungen. Es soll dann das gelten, was dem ursprünglich wirtschaftlich verfolgten Zweck entspricht oder ihm am nächsten kommt.

13. Vorstehende Bestimmungen gelten sinngemäß auch für den Nachverkauf und den freihändigen Verkauf.

# GENERAL AUCTION CONDITIONS

## By the submission of bids the following General Auctions Conditions of the Auctioneer are recognized and accepted.

*These Auction Conditions shall apply, unless binding law at the location of the auction stipulates divergent provisions.*

1. The auction is voluntary and held in public in the name of the auctioneer on his own behalf for his own account against immediate payment in Euro. Foreign currency and cheques are accepted at the daily exchange rate of the German Federal Reserve. Trading and exchange are not allowed in the auction rooms.

2. Bidding increments are published in the actual Auction Manual and are from 5 to 10% of the starting price or the actual submitted bid price respectively. The lot is sold to the highest bidder after threefold call. The Auctioneer reserves the right to bar persons from the auction at his sole discretion, to refuse knocking a lot down or to withdraw, pool, recombine or divide lots, to call lots once more in case of equivocality or misunderstandings or to knock a lot down subject to consignor's approval. Bids below the starting price with a knockdown subject to consignor's approval are binding for the bidder for a period of four weeks but are non-binding for the auctioneer. In case of even bids the chronological order of their receipt is applicable; in case of simultaneous receipt of even bids the auctioneer decides by drawing lots.

3. Bids transmitted to the auctioneer (in written form) will be treated with confidence and will only be used to top the other previous bid. However the auctioneer cannot take responsibility for this procedure. Lots without a particular starting price require a minimum bid of 20,- Euro and will be knocked down to the highest bid.

4. Telephone bidders must offer at least the starting price and submit a written confirmation thereafter. In the event of unavailability of the bidder on the phone the minimum bidding price is valid. The auctioneer is not responsible for the setting up and/or persistence of the telephone connection.

5. The auctioneer receives a premium of 23.8% of the hammer price from the buyer plus 2.00 Euro per purchased lot. For all lots which are marked with • behind the lot number Value Added Tax (VAT) will be added to the hammer price and to the buyers premium. Lots without marking are sold under the margin system (§25a UStG); there will be no turnover tax statement. Lots marked with + are sold under the margin system as well but additional expenses for importing the items in the amount of 7% of the hammer price are charged (= Import Expenses, which are part of the total sales price). If shipment is requested by the buyer or becomes necessary, costs for postage, packing and insurance plus VAT will be charged separately. For purchases from abroad, which will be exported to a third country (non-EU), VAT will not be invoiced after receiving an evidence of exportation. Duty and/or other charges related to importing the purchases into the country of destination are on buyer's account.

6. The purchase contract between the auctioneer and the buyer is closed on the knockdown of the lot. Based on this contract the buyer is obliged to accept and pay for the goods at the point of sale. In case of bidding for a third party, the bidder is liable as a principal as well as the third party. At the moment of knockdown all risks concerning loss or damage of a purchased lot is the responsibility of the buyer. The ownership of the auctioned goods will only be transferred to the buyer when full payment has been effected. Bidders making written bids will in general receive a prepayment invoice, which is due for immediate payment. Only if the invoice has fully been paid, the buyer has the right to claim ownership of the purchased lots.

7. If it is agreed, that the auctioneer will ship the purchased lots, and they are not or not completely received within ten weeks after the end of the auction (in case of prepayment: after the payment of the goods) latest, the buyer has to inform the auctioneer in writing about this incident for purposes of investigation.

8. Outstanding debits, which have not been paid 14 days latest after the auction and/or receipt of the invoice, will be subject to a default charge of 2%. Furthermore 1% interest per month will be charged unless the buyer can provide evidence that only a lower or no damage has been caused. Furthermore it is in the auctioneer's sole discretion whether he insists on performance or on compensation due to non-fulfillment after a set period. Compensation will be calculated after the lots have been sold directly or on another auction to a third party. In this case the defaulter has to compensate the loss of the auctioneer resulting from a lower sales price and additional costs. The defaulter is not entitled to additional proceeds earned by the auctioneer when selling the lots to a third party.

9. The objects for auction may be viewed and inspected prior to the auction. They will be auctioned in the condition as they are at the time of auction. The catalogue descriptions were made in all conscience and do not warrant any characteristics. The buyer cannot hold the auctioneer liable for any faults provided that the auctioneer has not infringed his duty to take care. Collections, batches etc. are excluded from any complaint, apart from that the auctioneer is obliged to hold the consignor liable for any complaint, which is made by the buyer within a period of 4 weeks after the auction, within a limitation period of one year. Complaints concerning a lot must be sent to the auctioneer together with the original auction lot card. The lot must be presented in its unchanged condition. This applies to the removal of hinges, submersion in water as well as chemical treatment. Only the application of sign information by a member of an acknowledged auditor association will not be regarded as tampering. In the event of complaints the auctioneer can demand a written expertise of an acknowledged auditor. If the buyer intends to get an expertise, he will inform the auctioneer about it prior to the auction. The period for complaint will be prolonged respectively. However, this does not infringe the right of the auctioneer to be timely paid. Any appraisal fees will be charged to the buyer, if the result matches the lot description or if he acquires the lot in spite of dissent opinion. Any faults, which are obvious at the time of photography, are excluded from the right of complaint. If faults of a lot are described in the auction catalogue, this lot will not be rejected and returned by the buyer because of further smaller faults. In the event of a successful claiming of the consignor the auctioneer refunds the paid purchase price and buyer's premium; the buyer is not entitled to further claims. The auctioneer has the right to refer the buyer with all of his complaints to the consignor.

By bidding on lots, which were already signed or certified by acknowledged auditors, the buyer accepts these approval marks or certificates as decisive. If bids are placed with reservation of an appraisal of another auditor, the bidder will inform the auctioneer about this reservation when placing his bid. Descriptions such as „Pracht“, „Kabinett“, „Luxus“ etc. are a subjective opinion of the auctioneer and under no circumstance a statement in regard to warranted characteristics. Lots which bear the description „feinst“ or „fein“ may possibly have small faults. Objects having a value which is defined by their postmark are excluded from complaint of any other defects.

10. Only single lots can be shipped for viewing. They must be returned to the auctioneer within 24 hours, in doing so our mode of dispatch must be utilized. Any risks and costs are for the account of the requesting party. If these lots are not present in the auction house on the day of the auction, they will be knocked down in favour of the requesting party one increment above the highest bidding price but at least for the starting price.

11. Place of fulfilment is Bietigheim-Bissingen. This will also apply, if by way of exception we hand the goods over at another location or if we send the goods from another location. Place of jurisdiction for the full trading is Ludwigsburg. Only German law shall apply. If purchase contracts are closed by auction in a country outside Germany, for consumers German law shall only apply, as far as hereby the granted protection of the law of the state, in which the consumer has his main residence, is not withdrawn (favourability principle).

12. Should one or more of the conditions above or a part of them become invalid, the validity of the other conditions will remain unchanged. The invalid conditions shall be replaced by valid conditions, which conform to their economic purpose.

13. The conditions above shall also apply to after sale and private treaty.

**(This translation of the „Allgemeine Versteigerungsbedingungen“ is provided for information only; the German text is to be taken as authoritative)**

The logo consists of the letters 'C.G.' in a large, blue, serif font. The letters are bold and have a classic, slightly ornate design.
