#### 84 | Thematik: Tiere-Tauben / animals-pigeons

Ab 1778. Überraschende Ausstellungssammlung ‚TAUBEN - artenreich in der Natur - vom Menschen genutzt und verehrt‘ (auch bekannt unter dem Titel ‚Taubenpost‘ - hierzu auch der beiliegende Band 57 aus der ‚Edition D’or‘). In den Jahren 2009 bis 2016 international vielfach mit Groß-Gold und Ehrenpreisen ausgezeichnet, u.a. 2009 Luoyang China und 2016 auf der WSS New York. Diese Sammlung bietet auf rund 100 geschmackvoll gestalteten Seiten die Postgeschichte der Taubenpost in ihrer Gänze, verbunden mit der Natur- und Kulturgeschichte dieser Tiere. Enthalten sind in dieser Sammlung viele internationale Raritäten mit einer Vielzahl an Abarten, Probedruckungen und Essays, seltenen Briefen und Stempeln und anderes mehr. Dabei sind ein ungebrauchter Probedruck der ‚Baseler Taube‘ (grüner Hintergrund) sowie eine solche auf Brief, oder auch ein bedruckter Zierbrief England 1869 (nur 4 Stücke bekannt) und viele weitere beste und allerbeste Stücke, etwa ein ‚Kronenpost-Federbrief‘ aus Finnland von 1778. Es versteht sich von selbst, dass alle relevanten Stücke durch kompetente Befunde und Atteste begleitet sind. In dem erwähnten D’or-Band findet sich eine handschriftliche, liebenswürdige Widmung des ehemaligen Besitzer (Lutz König) an den zukünftigen neuen Besitzer. Und dieser neue Besitzer kann stolz sein, ein außergewöhnliches Stück Philatelie sein eigen nennen zu dürfen! (K)

*From 1778 on. Outstanding exhibition collection ‚PIGEONS - species-rich in nature - used and revered by man‘ (also known under the title ‚Pigeon Post‘ - for this also the enclosed volume 57 from the ‚Edition D’or‘). In the years 2009 to 2016 internationally awarded many times with Grand Gold and honorary prizes, including 2009 Luoyang China and 2016 at the WSS New York. This collection offers on about 100 tastefully designed pages the postal history of pigeon mail in its entirety, combined with the natural and cultural history of these animals. Included in this collection are many international rarities with a plethora of varieties, proofs and essays, rare letters/covers and postmarks, and more. Included are an unused proof of the ‚Baseler Taube‘ (green background) as well as one on cover, or a printed decorative cover England 1869 (only 4 pieces known) and many more best and very best items such as a 1778 ‚Kronenpost feather letter‘ from Finland, as well as a Latvian feather letter (depicting a court letter). It goes without saying that all relevant pieces are accompanied by competent findings and certificates. In the mentioned D’or volume there is a handwritten, kind dedication of the former owner (Lutz König) to the future new owner. And this new owner can be proud to call an exceptional piece of philately his own! (K)*

### THE „BARRED NUMERAL“ CANCELLATIONS 1856-1906

Huge and highly valuable specialized collection with many thousands of stamps housed in 40 large albums. Included are „barred numerals“ from number 1 (Melbourne) to 2100 (King Valley) with various different sub-types - all sorted according to the Hugh H. Freeman „The Barred Numerals of Victoria“ catalogue. The whole collection presents a tremendous compilation of rarities and is by estimate about 98% complete. We have found and counted more than 400 items rated „RRR“, ca.250 items rated „RRRR“ and more than 100 precious items with the highest rating „RRRRR“. Furthermore and outright spectacular: many dozen pieces are the original examples shown in Freeman’s catalogue, for instance the numerals 1825, 1833, 1837, 1838, 1847, 1849, 1899, 1934, 2053 and 2099. Also included are obviously unlisted/unrecorded cancellations, colour varieties, cancellations on foreign (non Victorian) stamps, attractive multiples, stamps on fragments, covers & cards etc. Due to the very large amount of stamps, a depiction in our auction catalogue is limited to a restricted overview - otherwise a complete depiction (as far as possible) of this great collection will be available on the internet. We are glad and proud to offer this „lifetime“ Victorian Postmarks collection in our 50th Jubilee Auction Sale!

**I.1.10. 7 reales (First Printing)**

Unmounted mint block of 8  
no other mint multiple known

**VENEZUELA  
"ESCUELAS" 1871 to 1878**

The first Revenues of Venezuela, the so-called "ESCUELAS" stamps, were issued in 9 different printings from February 1st, 1871, until January 1, 1878. All stamps were lithographed, imperforated and overprinted in tiny letters as a security measure, in an attempt to prevent forging. The printers were Neum (First Printing in 1871), Rasco (Second Printing in 1871), Fourth Printing in 1873, Fifth Printing in 1874, Seventh Printing in 1876, Eighth Printing in 1877 and Ninth Printing in 1878), Remsted and Neum (Third Printing in 1872) and Arimburo (Sixth Printing on laid paper in 1875).

New stones and new transfer types were used for each new printing. It is a puzzling task to identify and recognize the different printings and transfer types. Although in many cases differences in colours and the type of overprint ease this task, only the identification of the transfer types can produce a definitive result.

The main part of this exhibit is the study of all the values of the nine printings (showing all the transfer types and nearly all of the largest blocks known) as follows:

- I.1. First Printing (15 values): 1, 2, 3, 4 and 5 centavos and 1, 2, 3, 5, 7, 9, 15, 20, 30 and 50 reales.
- I.2. Second Printing (same 15 values as the 1st Printing with two different settings of the 1 centavo).
- I.3. Third Printing (11 values): 5 centavos and 1, 2, 3, 5, 7, 9, 15, 20, 30 and 50 reales.
- I.4. Fourth Printing (11 values): 1, 2, 3, 4 and 5 centavos (two different settings) and 1, 2, 3, 5, 7 and 9 reales.
- I.5. Fifth Printing (5 values): 1 (two different settings), 2 and 5 centavos and 1 and 2 reales, including the famous 2 centavos inverted frame stamp.
- I.6. Sixth Printing (6 values): 1 (two different settings), 2 and 5 centavos and 1, 2 and 20 reales.
- I.7. Seventh Printing (8 values): 1, 2, 3, 4 and 5 centavos and 1, 2 and 3 reales.
- I.8. Eighth Printing (12 values): 1, 2, 3, 4 and 5 centavos and 1, 2, 3, 5, 15, 30 and 50 reales, including the famous 15 reales inverted frame stamp.
- I.9. Ninth Printing (9 values): 1, 2, 3, 4 and 5 centavos and 1, 2, 3 and 5 reales.

On display are the only recorded 8 documents showing these stamps used as documentary fees. The highlight is the unique document with the 2 centavos inverted frame stamp. These stamps were issued in order to raise funds for the gratuitous primary education which President Guzmán Blanco made compulsory in 1870. They indicate the payment of a tax on all commercial and mercantile transactions. On display are many stamps bearing cachets of private companies (as proof of having paid the tax on their sales). These stamps have also been used for customs purposes. But documents showing them used for fiscal or customs purposes are not known.

**I.3.11. 50 reales (Third Printing)**

4 transfers in sheets of unknown size (1,800 stamps issued). Hernández Ron asserts that the sheet consists of 10 stamps. The block of 11, that I show, proves that this is not correct.

III.1. Postal Use First Printing  
5 Centavos

The postage for this folded letter from March 23, 1872 was paid with a 5 centavos stamp of the First Printing. The use of the ESCUELAS stamp for postage was not authorised, but tolerated. Under the tariffs law of 1856 5 Centavos was the correct postage for a single letter (less than 1/2 ounce) for the distance between La Guaira and Caracas (less than 25 miles).

Folded letter from November 9, 1872 with an unauthorised, but tolerated use of a bisected 1 real stamp of the First Printing paying the 5 centavos rate for a single letter. One of only 2 known letters with a bisected 1 real stamp of the First Printing

II. Fiscal Use by Private Companies

Private companies cancelled the "ESCUELAS" with their business stamps, denoting payment of the taxes on the sales by the companies. This tax was destined to pay the public free schools which President Guzmán Blanco had instituted in 1870.

## **Wichtige Information**

Zum 1. Januar 2014 wurde die Umsatzsteuer für Sammlungsobjekte wie Briefmarken und Münzen von 7% auf 19% erhöht.

Deshalb bieten wir in unseren Auktionen inzwischen den überwiegenden Teil der Lose differenzbesteuert an. Bei diesen Losen wird weder für den Zuschlag noch für das Aufgeld Umsatzsteuer gesondert berechnet, da wir als Auktionshaus die anfallende Umsatzsteuer bei Lieferungen in Deutschland und innerhalb der EU tragen.

Seit der 29. Auktion können wir nun auch viele Lose differenzbesteuert anbieten, für die zuvor 19 % Umsatzsteuer erhoben werden musste. Hierbei handelt es sich um Lose, die in die EU eingeführt worden sind. Die mit dem Import verbundenen Kosten in Höhe von 7 % des Zuschlags müssen wir an Sie weiterberechnen (= Importspesen, die Bestandteil des Kau-

fpreises sind). Diese Importspesen werden auch dann berechnet, wenn das gekaufte Los exportiert wird. Alle Lose dieser Art sind im Katalog mit einem Plus hinter der Losnummer (Beispiel: 4839 +) gekennzeichnet.

Nur Lose mit einem Punkt hinter der Losnummer (Beispiel: 3412 ●) unterliegen der Regelbesteuerung von derzeit 19 %, so dass wir hier Umsatzsteuer für Zuschlag und Aufgeld berechnen müssen (entfällt bei Export).

**Bei allen Losen ohne Kennzeichnung (● oder +) werden nur Zuschlag und Aufgeld berechnet – keine Umsatzsteuer oder Importspesen!**

Welche Auswirkungen dies für Sie als Bieter hat, wird an den folgenden Beispielen für ein Los, das mit 1.000,- € zugeschlagen wird, deutlich:

<b>Lose ohne Markierung differenzbesteuert</b>		<b>Lose mit + differenzbesteuert mit Importspesen 7 %</b>		<b>Nur bei Losen mit • regelbesteuert 19 %</b>

		7 % Import	70,00 €		
	1.238,00 €		1.308,00 €		1.238,00 €
				19 % USt.	235,22 €
<b><u>SUMME</u></b>	<b><u>1.238,00 €</u></b>	<b><u>SUMME</u></b>	<b><u>1.308,00 €</u></b>	<b><u>SUMME</u></b>	<b><u>1.473,22 €</u></b>

## **Important Information – for EC customers mainly**

Since January 1<sup>st</sup>, 2014 the German VAT for collectibles like stamps and coins was increased from 7% to 19%.

Therefore, we now offer the majority of our lots under margin system. No tax at all will be charged on top neither on the hammer price nor on the buyer's premium for these lots and the Christoph Gärtner Auction Company pays and transfers the VAT.

Starting with the 29<sup>th</sup> auction we now can offer many lots under margin system for which we previously had to charge 19 % VAT. These are lots which have been imported into the EC. The costs of the import amount 7 % of the hammer price

which we have to charge you (= import expenses, part of the buying price). The import expenses will also be invoiced, if the lots are exported. All lots of this kind are marked by a plus after the lot number (ie 4839 +).

Lots marked in the catalogue by a point after the lot number (ie 3412 ●) will be charged under normal VAT rate of 19 %, if the lot is not exported (not charged when exported).

**For all lots without any mark (● or +) only hammer price and buyer's premium will be charged - no VAT or import expenses will be added!**

## **BITTE BEACHTEN**

### *Erklärung zu Abbildungen und Losbeschreibungen*

Sollte es in unseren Print- oder Online-Katalogen bei einzelnen Losen zu Abweichungen zwischen Bild und Losbeschreibung kommen (z.B. unterschiedliche Ausrufspreise oder die Losbeschreibung passt nicht zur Abbildung), so gelten die Angaben der Losbeschreibung als verbindlich.

Die Katalogwertangaben in EURO (€) beziehen sich, sofern nicht anders angegeben, auf den jeweils aktuellen MICHEL-Katalog zum Zeitpunkt der Katalogbearbeitung. Ausländische Spezialwerke sind gegebenenfalls zitiert.

Sammlungslose werden grundsätzlich „wie besehen“ versteigert. Die Beschreibungen erfolgten nach bestem Wissen und Gewissen. Reklamationen sind bei Sammlungslosen ausgeschlossen.

## **Please Notice**

### *Explanation to pictures and lot descriptions*

Given that in our print- and online-catalogues lot-numbers have differences between the image and lot description (f.e. starting prices are different or the picture does not fit with the corresponding description), the data of the lot description has to be regarded as valid.

The catalogue value stated in EURO (€) is based, unless otherwise stated, on the actual MICHEL catalogue at the time of our catalogue compilation. In some cases, specialised foreign catalogues may also be quoted.

Collection lots are "sold as seen". The lot descriptions are made in the best will and conscience and do not guarantee any characteristics. Collections lots are excluded from complaints.

#### **Abkürzungen bei der Losbeschreibung**

Bei den Losbeschreibungen vor der Losnummer verwenden wir folgende Abkürzungen:

P = **PINT** / diese Lose sind im Katalog bebildert  
W = **WEB** / Abbildungen zu diesen Sammlungen sind online unter [www.auktionen-gaertner.de](http://www.auktionen-gaertner.de) vorhanden, diese Lose sind nicht im Katalog abgebildet

Die Buchstaben in Klammern am Ende der Beschreibung weisen auf die Art der Aufbewahrung des Loses hin:

A = **Album**      K = **Karton**      M = **Mappe**  
S = **Schachtel**    T = **Tasche**

#### **Abbreviations at the lot description**

At the lot numbers in the lot description we use following abbreviations:

P = **PINT** / these lots are pictured in the catalogue

W 16659	1914/18, the japanese pioneer aviator and WWI-pilot in France, Baron SHIGENO Kiyotake (1882-1924) correspondence: 200+ ppc/cards/field post (F.M.) addressed to the pilot: franked from Japan (ca. 80, some with stamps removed), franked in France (12 inc. two said to be from japanese artist Fujita ), free military mail in France (F.M./franchise militaire, ca. 70, including a. o. one from Avord aviation training camp by adjutant ISHIBASHI K. (1893-1923, another japanese in french airforce 1915/18), from foreign (4), unstamped from letters (ca. 36). With many ppc of pioneer aviation in Japan (inc. pre-WWI foreigners like Art Smith, Katherine Stinson etc.) / early WW-I aviation pics in France, interesting senders from France or Japan etc. An unique find. Shigeno K. was the 3rd son of Baron SHIGENO Kiyoharu (d. 1896), a Lt-General in the Imperial Japanese Army. After the death of his wife, in July 1910 he left Japan for France to study music. In Paris he acquired international pilot licence No. 744 on 26 January, 1912. The same year he designed a single-seat tractor biplane and named this aeroplane Wakadori-go (Young Bird, after his late wife, Wakako. The same name was given to his fighter plane Spad-VII in 1917). First flight on 26 April, 1912. Summoned by his family to return to Japan and left France in May 1912 with his dismantled aeroplane. Reassembled, it set a new civil aeroplane record in Japan on 20 April, 1913, reaching 300m (984ft) with a flight of 45min After becoming a professor at Japan's military aviation school, Shigeno returned to France in April 1914 to buy a new aircraft. When WWI broke out in August, under orders from his superiors, on 20 December 1914 he joined the foreign legion, where he was admitted with the rank of captain. Obtained military pilot patent No. 834, April 19, 1915 in Avord and was assigned, on May 20 to the bombing squadron V 24. On August 23, 1915, on an observation mission north of Reims over the German lines he was copiously fired by enemy DCA, admired by French soldiers who counted 562 Shells fired against him. This lead to an honorary report in the french armies daily "La Croix" Sept. 30 and having him appointed "Knight of the Legion of Honor Oct. 30". Absent due to health problems Sept./Dec., returned to his squadron Dec. 21 1915 to May 22, 1916. By June 1 transferred to the N.12 fighter squadron, despite aged 34, one of the oldest fighter pilots. Then finally assigned Sept. 19, 1916 to N.26 squadron under command of Georges Guynemer (1891-1917), later known as "the storks". His personal symbol, a so-called "Japanese stork", was adopted by the squadron to become the collective emblem. Shigeno had two confirmed victories, one in co-work with Guynemer March 17, 1917 and six unconfirmed. His last combat flight was on August 9, 1917. His health problems forced him to a new hospitalization on August 13, 1917 which spread over the armistice. In the hospital he met a 22-year-old war widow, Ms Jeanne Aimard. He and Jeanne married Oct. 18, 1919. Returned to his squadron, SPA 26, on February 23rd, 1919 and was demobilized March 11, 1919. In January 1920, Shigeno and wife returned to Japan with their daughter. He had started a career in civil aviation but died in Osaka in October 1924. His widow could not make a living in Japan and returned to France, with the two surviving sons. (S)	Ak/ GA/ ☒ 2.200,-

W 17629	<b>1906/2011 (approx), All world. Interesting collection "CURIE: one family, two generations, three Nobel Prizes", consisting of 2 albums with a total of 426 items (covers cards, etc.) and 2 ring binders with stamps, souvenir sheets and miniature sheets, mostly mint, nh. The exhibit focuses on the Curie family and their life as researchers and discoverers. Marie Curie is probably the most famous physicist because of the Nobel Prizes she has received in physics and chemistry, and is also the only woman among the four multiple Nobel Prize winners to date. Irène, the older of the two Curie daughters, had inherited the scientific talent of both parents. Together with her husband Frédéric Joliot-Curie, she succeeded in discovering artificial radioactivity, for which the couple received the Nobel Prize in Chemistry. The content of the collection is thus determined on the one hand by the people involved - Marie, Pierre, Irène and Frédéric - and on the other by their discoveries - Polonium, Radium, artificial radioactivity, and their applications. This results in a casual division of the collection with its chaptering. In each of the (four) chapters, there is not only a large number of good items, but also a number of special items that excellently document what has been said: Insured letter from 1939 for 3,000 francs from Paris to Amsterdam with 11-times franking of the French special stamp showing Marie and Pierre Curie (Mi. #433), Military postcard from 1916 with red cachet "Centre radiologique" - one of the earliest ones about physics, Cover from Hungary (1988) with the special stamp "Frédéric Joliot", unissued because of his death in 1958, commemorating his ten-year presidency of the World Peace Council, the special stamp issue "100th birthday Marie Curie" (Mi. #1777/79) each as gutter pair (mint, slight creases in the gutter) and also as stamped partial sheets, the nice omnibus issue (21 values) for the 1938 French stamp "40th anniversary of the discovery of radium" (Mi. #433), and further many interesting items, like proofs, imperforates, etc. (K)</b>	✉/ GA/ **/ */ △	<b>1.200,-</b>

- W 17686 **1870/2015 (approx). Fantastic collection 'MASTERS OF MUSIC - Composers from the European cultural area' divided in 47 albums. Structure: Between PRE-HISTORY (From Antiquity to the Middle Ages), and POST-HISTORY (Europe is no longer center) there are 7 PARTS that represent the entire history of European music: The Old Masters, Masters of the Baroque/Rococo, The Viennese Classics, The Romantics, Masters of the Operetta, The Impressionists, and Masters of the Modern. And of course everything is expertly described - not too much and not too little. In the main, the collection contains covers and postcards, also postal stationery, bearing an enormous variety of interesting postmarks, special cancellations, meter stamps and frankings. There are many good items, for example for Richard Wagner some DR private postcards (Wagner year 1933, Bayreuth Festival 1897, dedication Wagner monument 1903, etc), or for Joseph Haydn there are i. a. 2 single proofs in purple and black respectively, each with original signature of the designer, and a nice maximum card for the Austria 1922 Haydn stamp. Also present are good stamp issues, for example Poland souvenir sheet Michel #10 (with Chopin) on registered cover, complete Bellini set on two registered covers as FDC (Italy 15.10.35), and further stamp issues from the historical-cultural context, for instance Turkey souvenir sheet Michel #5 Sultan Mehmet II (first day cancellation). *Diese Geschäftsbedingungen gelten, sofern und soweit zwingendes Recht am Ort der Versteigerung keine anderslautenden Regelungen vorschreibt.*

1. Die Versteigerung erfolgt öffentlich und freiwillig in eigenem Namen und für eigene Rechnung gegen sofortige Bezahlung in Euro. Devisen und Schecks werden zum Tageskurs der Bundesbank angenommen. Handel und Tausch sind im Auktionssaal nicht gestattet.

2. Die Steigerungssätze sind dem jeweils aktuellen Auktionsprogramm zu entnehmen und betragen 5 bis 10% des Ausrufwertes bzw. des angesteigerten Wertes. Der Zuschlag ergeht nach dreimaligem Ausruf an den Meistbietenden. Der Versteigerer hat das Recht, ohne Angabe von Gründen Personen von der Auktion auszuschließen, den Zuschlag zu verweigern, Gebote abzulehnen, Lose zurückzuziehen, zu vereinigen, aufzuteilen, umzugruppieren, bei Unklarheiten oder Missverständnissen nochmals aufzurufen oder in begründeten Fällen unter dem Vorbehalt der Genehmigung des Einlieferers zuzuschlagen. Untergebote mit Vorbehalts-Zuschlägen bleiben für den Bieter vier Wochen verbindlich, sind aber für den Versteigerer freibleibend. Bei gleich hohen Geboten entscheidet die zeitliche Reihenfolge des Gebotseinganges, bei zeitgleichem Eingang das Los. Lose, die „gegen Gebot“ ausgerufen werden, bedingen ein Mindestgebot von 20,- Euro und werden zum Höchstgebot zugeschlagen.

3. An den Versteigerer übermittelte (schriftliche) Gebote werden streng interessiewahrend nur in dem Umfange ausgeschöpft, der notwendig ist, um anderweitig vorliegende Gebote zu überbieten, werden jedoch ohne Gewähr ausgeführt.

4. Telefonische Bieter müssen mindestens den Ausruf bieten und eine schriftliche Bestätigung nachreichen. Im Falle einer Nichterreichbarkeit gilt das Mindestgebot als geboten. Bei Telefongeboten übernimmt der Versteigerer keine Gewähr für das Zustandekommen einer Verbindung.

5. Der Versteigerer erhält vom Käufer ein Aufgeld von 23,8% des Zuschlagspreises sowie 2,- Euro pro Los. Für Lose, die mit • gekennzeichnet sind, wird für den Zuschlagspreis und das Aufgeld die gesetzliche Umsatzsteuer erhoben. Lose ohne Kennzeichnung unterliegen der Differenzbesteuerung nach §25a UStG; es erfolgt kein gesonderter Umsatzsteuerausweis. Bei Losen mit + (Plus) hinter der Losnummer handelt es sich ebenfalls um differenzbesteuerte Lose, jedoch werden zusätzlich die mit dem Import verbundenen Kosten in Höhe von 7% des Zuschlags (= Importspesen, die Bestandteil des Kaufpreises sind) an den Käufer weiterberechnet. Bei Zusendung der Ware werden Porto und Versicherungspauschale zuzüglich gesetzlicher Umsatzsteuer gesondert in Rechnung gestellt. Käufe, die in ein umsatzsteuerliches Drittland ausgeführt werden, sind von der Umsatzsteuer befreit. Steuern/Abgaben für die Einfuhr der Käufe im Zielland gehen zu Lasten des Käufers.

6. Mit dem Zuschlag kommt ein Kaufvertrag zwischen dem Versteigerer und dem Bieter zustande. Er verpflichtet den Käufer zur Abnahme und Bezahlung am Versteigerungsort. Wer für Dritte bietet, haftet selbstschuldnerisch neben diesen. Gleichzeitig geht mit der Zuschlagserteilung die Gefahr für nicht vom Versteigerer zu vertretende Verluste oder Beschädigungen auf den Käufer über. Das Eigentum an der versteigerten Sache wird erst nach vollständigem Zahlungseingang beim Versteigerer auf den Käufer übertragen. Schriftliche Bieter erhalten in aller Regel eine Vorausrechnung, die sofort fällig ist. Erst nach vollständiger Bezahlung der Rechnung besteht ein Anspruch auf Aushändigung der gekauften Lose.

7. Sind Lose vereinbarungsgemäß vom Versteigerer zu versenden, hat der Käufer dem Versteigerer zu Nachforschungszwecken spätestens zehn Wochen nach dem Ende der Auktion (bei Vorkasse: nach der Bezahlung der Ware) schriftlich mitzuteilen, falls die zu versendende Ware nicht oder nicht vollständig zugegangen ist.

8. Alle Beträge, welche 14 Tage nach der Versteigerung bzw. Zustellung der Auktionsrechnung nicht beim Versteigerer eingegangen sind, unterliegen einem Verzugszuschlag von 2%. Dazu werden Zinsen in Höhe von 1% pro Monat erhoben, es sei denn, der Käufer weist nach, dass ein geringerer oder kein Schaden entstanden ist. Im Übrigen kann der Versteigerer wahlweise Erfüllung oder nach Fristsetzung Schadenersatz wegen Nichterfüllung verlangen; der Schadenersatz kann dabei auch so berechnet werden, dass die Lose verkauft oder in einer neuen Auktion nochmals angeboten werden. Der säumige Käufer muss hierbei für den Mindererlös gegenüber der früheren Versteigerung und den damit verbundenen zusätzlichen Kosten einschließlich der Gebühren des Versteigerers aufkommen. Auf einen eventuellen Mehrerlös hat er jedoch keinen Anspruch.

9. Die zur Versteigerung kommenden Lose können vor der Auktion besichtigt und geprüft werden. Sie werden in dem Zustand versteigert, in dem sie sich bei der Auktion befinden. Die nach bestem Wissen und Gewissen vorgenommenen Katalogbeschreibungen sind keine zugesicherten Eigenschaften. Der Käufer kann den Versteigerer nicht wegen Sachmängeln in Anspruch nehmen, sofern dieser seiner obliegenden Sorgfaltspflicht nachgekommen ist. Sammlungen, Posten etc. sind von jeglicher Reklamation ausgeschlossen, ansonsten verpflichtet sich der Versteigerer jedoch, wegen begründeter Mängelrügen, die ihm bis spätestens vier Wochen nach Auktionsschluss angezeigt werden müssen, innerhalb der Verjährungsfrist von einem Jahr seine Gewährleistungsansprüche gegenüber dem Einlieferer geltend zu machen.

Im Rahmen von Reklamationen ist bei der Rücksendung an den Versteigerer die Original-Loskarte beizufügen. Die Lose müssen sich in unverändertem Zustand befinden. Dies betrifft auch das Entfernen von Falzen, das Wässern, sowie chemische Behandlungen. Lediglich das Anbringen von Prüfzeichen der Mitglieder eines anerkannten Prüferverbandes gilt nicht als Veränderung. Der Versteigerer kann verlangen, dass bei Reklamationen ein entsprechender schriftlicher Befund eines zuständigen Verbandprüfers eingeholt wird. Will der Käufer eine Prüfung vornehmen lassen, so ist dies dem Versteigerer vor der Auktion mitzuteilen. Die Reklamationsfrist verlängert sich entsprechend. Dies betrifft jedoch nicht die Verpflichtung zur sofortigen Bezahlung der Lose. Die Kosten einer Prüfung werden dem Käufer in Rechnung gestellt, wenn das Prüfergebnis mit der Losbeschreibung übereinstimmt oder der Käufer das Los trotz abweichendem Prüfungsergebnis erwirbt. Mängel, die bereits aus der Abbildung ersichtlich sind, berechtigen nicht zur Reklamation. Lose, bei denen Fehler beschrieben sind, können nicht wegen eventueller weiterer geringer Fehler zurückgewiesen werden. Im Falle erfolgreicher Inanspruchnahme des Einlieferers erstattet der Versteigerer den gezahlten Kaufpreis einschließlich Aufgeld zurück; ein darüber hinausgehender Anspruch ist ausgeschlossen. Der Versteigerer ist berechtigt, den Käufer mit allen Reklamationen an den Einlieferer zu verweisen. Durch die Abgabe eines Gebotes auf bereits von anerkannten Prüfern signierte oder attestierte Lose werden die vorliegenden Prüfzeichen oder Atteste als maßgeblich anerkannt. Werden Lose unter dem Vorbehalt der Gutachten anderer Prüfer geboten, so ist dies dem Versteigerer mit dem Gebot anzuzeigen.

Bezeichnungen wie „Pracht“, „Kabinett“, „Luxus“ etc. stellen die subjektive Einstellung des Versteigerers und in keinem Falle eine Beschaffenheitsangabe im kaufrechtlichen Sinne dar. Lose, die mit „feinst“ oder „fein“ beschrieben sind, können Fehler aufweisen. Stücke, deren Wert durch den Stempel bestimmt wird, können wegen anderer Qualitätsmängel nicht beanstandet werden.

10. Ansichtssendungen sind nur von Einzellosen möglich. Postfrische Marken sind von der Versendung ausgeschlossen. Die Lose sind innerhalb von 24 Stunden zurückzusenden, wobei die von uns gewählte Versendungsart anzuwenden ist. Gefahr und Kosten gehen zu vollen Lasten des Anforderers. Sollten die Lose am Auktionstag nicht vorliegen, so werden sie eine Steigerungsstufe über dem nächsthöheren Gebot, mindestens jedoch zum Ausruf, dem Anforderer zugeschlagen.

11. Erfüllungsort ist Bietigheim-Bissingen. Das gilt auch, wenn wir die Ware ausnahmsweise an einem anderen Ort übergeben oder von einem anderen Ort aus versenden. Gerichtsstand für den vollkaufmännischen Verkehr ist Ludwigsburg. Es gilt ausschließlich deutsches Recht. Kommen Kaufverträge durch Versteigerung in einem Land außerhalb der Bundesrepublik Deutschland zustande, findet bei Verbrauchern deutsches Recht nur Anwendung, soweit hierdurch der durch zwingende Bestimmungen des Rechts des Staats des gewöhnlichen Aufenthalts des Verbrauchers gewährte Schutz nicht entzogen wird (Günstigkeitsprinzip).

12. Sollten eine oder mehrere der vorstehenden Bedingungen ganz oder teilweise unwirksam sein oder werden, berührt dies nicht die Gültigkeit der übrigen Bedingungen. Es soll dann das gelten, was dem ursprünglich wirtschaftlich verfolgten Zweck entspricht oder ihm am nächsten kommt.

13. Vorstehende Bestimmungen gelten sinngemäß auch für den Nachverkauf und den freihändigen Verkauf.

# GENERAL AUCTION CONDITIONS

## By the submission of bids the following General Auctions Conditions of the Auctioneer are recognized and accepted.

*These Auction Conditions shall apply, unless binding law at the location of the auction stipulates divergent provisions.*

1. The auction is voluntary and held in public in the name of the auctioneer on his own behalf for his own account against immediate payment in Euro. Foreign currency and cheques are accepted at the daily exchange rate of the German Federal Reserve. Trading and exchange are not allowed in the auction rooms.

2. Bidding increments are published in the actual Auction Manual and are from 5 to 10% of the starting price or the actual submitted bid price respectively. The lot is sold to the highest bidder after threefold call. The Auctioneer reserves the right to bar persons from the auction at his sole discretion, to refuse knocking a lot down or to withdraw, pool, recombine or divide lots, to call lots once more in case of equivocality or misunderstandings or to knock a lot down subject to consignor's approval. Bids below the starting price with a knockdown subject to consignor's approval are binding for the bidder for a period of four weeks but are non-binding for the auctioneer. In case of even bids the chronological order of their receipt is applicable; in case of simultaneous receipt of even bids the auctioneer decides by drawing lots.

3. Bids transmitted to the auctioneer (in written form) will be treated with confidence and will only be used to top the other previous bid. However the auctioneer cannot take responsibility for this procedure. Lots without a particular starting price require a minimum bid of 20,- Euro and will be knocked down to the highest bid.

4. Telephone bidders must offer at least the starting price and submit a written confirmation thereafter. In the event of unavailability of the bidder on the phone the minimum bidding price is valid. The auctioneer is not responsible for the setting up and/or persistence of the telephone connection.

5. The auctioneer receives a premium of 23.8% of the hammer price from the buyer plus 2.00 Euro per purchased lot. For all lots which are marked with • behind the lot number Value Added Tax (VAT) will be added to the hammer price and to the buyers premium. Lots without marking are sold under the margin system (§25a UStG); there will be no turnover tax statement. Lots marked with + are sold under the margin system as well but additional expenses for importing the items in the amount of 7% of the hammer price are charged (= Import Expenses, which are part of the total sales price). If shipment is requested by the buyer or becomes necessary, costs for postage, packing and insurance plus VAT will be charged separately. For purchases from abroad, which will be exported to a third country (non-EU), VAT will not be invoiced after receiving an evidence of exportation. Duty and/or other charges related to importing the purchases into the country of destination are on buyer's account.

6. The purchase contract between the auctioneer and the buyer is closed on the knockdown of the lot. Based on this contract the buyer is obliged to accept and pay for the goods at the point of sale. In case of bidding for a third party, the bidder is liable as a principal as well as the third party. At the moment of knockdown all risks concerning loss or damage of a purchased lot is the responsibility of the buyer. The ownership of the auctioned goods will only be transferred to the buyer when full payment has been effected. Bidders making written bids will in general receive a prepayment invoice, which is due for immediate payment. Only if the invoice has fully been paid, the buyer has the right to claim ownership of the purchased lots.

7. If it is agreed, that the auctioneer will ship the purchased lots, and they are not or not completely received within ten weeks after the end of the auction (in case of prepayment: after the payment of the goods) latest, the buyer has to inform the auctioneer in writing about this incident for purposes of investigation.

8. Outstanding debits, which have not been paid 14 days latest after the auction and/or receipt of the invoice, will be subject to a default charge of 2%. Furthermore 1% interest per month will be charged unless the buyer can provide evidence that only a lower or no damage has been caused. Furthermore it is in the auctioneer's sole discretion whether he insists on performance or on compensation due to non-fulfillment after a set period. Compensation will be calculated after the lots have been sold directly or on another auction to a third party. In this case the defaulter has to compensate the loss of the auctioneer resulting from a lower sales price and additional costs. The defaulter is not entitled to additional proceeds earned by the auctioneer when selling the lots to a third party.

9. The objects for auction may be viewed and inspected prior to the auction. They will be auctioned in the condition as they are at the time of auction. The catalogue descriptions were made in all conscience and do not warrant any characteristics. The buyer cannot hold the auctioneer liable for any faults provided that the auctioneer has not infringed his duty to take care. Collections, batches etc. are excluded from any complaint, apart from that the auctioneer is obliged to hold the consignor liable for any complaint, which is made by the buyer within a period of 4 weeks after the auction, within a limitation period of one year. Complaints concerning a lot must be sent to the auctioneer together with the original auction lot card. The lot must be presented in its unchanged condition. This applies to the removal of hinges, submersion in water as well as chemical treatment. Only the application of sign information by a member of an acknowledged auditor association will not be regarded as tampering. In the event of complaints the auctioneer can demand a written expertise of an acknowledged auditor. If the buyer intends to get an expertise, he will inform the auctioneer about it prior to the auction. The period for complaint will be prolonged respectively. However, this does not inflict the right of the auctioneer to be timely paid. Any appraisal fees will be charged to the buyer, if the result matches the lot description or if he acquires the lot in spite of dissent opinion. Any faults, which are obvious at the time of photography, are excluded from the right of complaint. If faults of a lot are described in the auction catalogue, this lot will not be rejected and returned by the buyer because of further smaller faults. In the event of a successful claiming of the consignor the auctioneer refunds the paid purchase price and buyer's premium; the buyer is not entitled to further claims. The auctioneer has the right to refer the buyer with all of his complaints to the consignor.

By bidding on lots, which were already signed or certified by acknowledged auditors, the buyer accepts these approval marks or certificates as decisive. If bids are placed with reservation of an appraisal of another auditor, the bidder will inform the auctioneer about this reservation when placing his bid. Descriptions such as „Pracht“, „Kabinett“, „Luxus“ etc. are a subjective opinion of the auctioneer and under no circumstance a statement in regard to warranted characteristics. Lots which bear the description „feinst“ or „fein“ may possibly have small faults. Objects having a value which is defined by their postmark are excluded from complaint of any other defects.

10. Only single lots can be shipped for viewing. They must be returned to the auctioneer within 24 hours, in doing so our mode of dispatch must be utilized. Any risks and costs are for the account of the requesting party. If these lots are not present in the auction house on the day of the auction, they will be knocked down in favour of the requesting party one increment above the highest bidding price but at least for the starting price.

11. Place of fulfilment is Bietigheim-Bissingen. This will also apply, if by way of exception we hand the goods over at another location or if we send the goods from another location. Place of jurisdiction for the full trading is Ludwigsburg. Only German law shall apply. If purchase contracts are closed by auction in a country outside Germany, for consumers German law shall only apply, as far as hereby the granted protection of the law of the state, in which the consumer has his main residence, is not withdrawn (favourability principle).

12. Should one or more of the conditions above or a part of them become invalid, the validity of the other conditions will remain unchanged. The invalid conditions shall be replaced by valid conditions, which conform to their economic purpose.

13. The conditions above shall also apply to after sale and private treaty.

**(This translation of the „Allgemeine Versteigerungsbedingungen“ is provided for information only; the German text is to be taken as authoritative)**

The logo consists of the letters 'C.G.' in a large, stylized, serif font. The letters are black and have a slightly shadowed or 3D effect, giving them a prominent appearance.
